

# BITTER BATTLE IS WAGING IN THE CARPATHIANS

## RUSSIAN ADVANCE DIVIDES DEFENSE

Petrograd, April 8. (Via London)—The advance of the Russians in the Carpathians has cut the Austrian army under General Boerovich in two places. The Eastern wing of this army is in a precarious position. The Russians have captured Sniatkin, east of Lupkow Pass. The Russians also have thrown back the Austrians in the district of Bartold, and in the district of Lupkow.

London, April 8.—The fight for the Carpathian passes is proceeding bitterly with both sides claiming local successes. The Russians are fighting their way over four passes—Dukla, Lupkow, Uzice and Rostock, the last named of which is in their possession. Rostock pass is not so important as the others, but a branch road from it leads to the rear of the Austrians and from the desperate nature of the struggle, in that vicinity, is regarded as the key to the Hungarian plains. Look To Germans To Force Back Invaders

The Austrians seem to have only enough men to hold the Russians in check and evidently are unable to make an effective counter stroke from Bukovina. Therefore their hope must again center

## LOBBY PROBE IS FINISHED

Washington, April 8.—Sidney J. Morse, of New York, secretary of the Trans-Atlantic Steamship Company, testified before the senate ship lobby inquiry committee today that his organization had taken absolutely no interest in the ship purchase bill.

## COMMITTEE ENDS WORK

Columbus, April 8.—Members of the Wynn legislative committee which has spent nearly three months investigating the state banking department during the administration of former Superintendent E. W. Lattimer, announced today they had finished examining witnesses and will make a report soon.

## COMPENSATION FOR FARMERS

Columbus, April 8.—Funds for compensation of farmers and live stock owners of animals killed by the state during the outbreak of the foot and mouth disease was made available today when Gov. Willis signed the Reighard bill, appropriating of \$142,000 for this purpose. The governor also signed another Reighard bill appropriating more than \$5,000,000 for interest on the irreducible debt and for support of common schools and the McFarland bill, creating a separate board of control for the Wooster experiment station.

## HOLLAND RUMORED AT WAR

London, April 8.—Rumors were current in London today of a declaration of hostilities between Germany and Holland. They were, however, absolutely without confirmation and dispatches from The Hague this afternoon ignored any such developments. The minister of the Netherlands in London said he had heard rumors to the same effect, but absolutely discredited the report.

## GEN. CARRANZA CLAIMS VICTORY OVER VILLA

Washington, April 8.—General Carranza's agency here laid claim to victory in the recent battle in Guajunato state, in making public today this telegram from the general dated yesterday:

"Since yesterday morning a battle was started near Celaya between forces commanded by Gen. Obregon and those personally led by Villa and I am just in receipt of a communication from General Obregon advising me that he has defeated the enemy inflicting upon them a loss of over 2,000 dead and wounded and a large number of prisoners, arms and ammunition. Obregon is in pursuit of the fleeing enemy."

Washington, D. C., April 8.—The state department had received no confirmation of the report of Carranza victory.

## SINKING OF THE U-29 IS HIGHLY SUSPICIOUS SAYS BERLIN PRESS

Berlin (via London) April 8.—The press of the capital is violently unanimous in declaring the fact that the British admiralty has not made public the details of the sinking of the submarine U-29 looks "highly suspicious."

The Tages Zeitung says that although the British made their first report regarding the submarine on March 26, nothing has been given out as to the time, place or manner of its sinking.

The paper believes this probably is because the methods employed by the British were "reprehensible" and adds "we can imagine no other reason for the delay than that British vessels surprised the U-29 while it was rescuing the crew of a steamer."

Other papers make similar suggestions, including the surmise that the submarine was sunk by a merchantman flying a neutral flag.

## BRYAN GIVES HOPE TO ANTI-SALOON FORCES

Washington, April 8.—Anti-Saloon advocates here were visibly encouraged today over a statement by Secretary Bryan expressing the hope that the Democratic party would take the prohibition side in the next campaign in states where saloons are an issue.

The statement was issued in connection with a letter Secretary Bryan had written to E. W. Kemmington, National committeeman from Iowa, advocating defeat for candidates who could be controlled by the liquor interests.

Mr. Kemmington had written that the Secretary's name was being used in behalf of a candidate for the National committee. Mr. Bryan declared it seemed improbable that the liquor question would appear in the platform of either the Democratic or Republican party, but that there was no reason why a Democratic national committeeman should not represent the party sentiment on the prohibition question.

Former Congressman is arrested in national capital

Washington, April 8.—John Wesley Gaines, former congressman from Tennessee and now secretary of the International Boundary commission was served with a warrant of arrest sworn out by a local haberdasher who charged that Gaines assaulted him in a Pennsylvania avenue shop in a dispute over a fancy waistcoat. Gaines appeared in court with

## SULTAN CALLS

London, April 8.—An trade promulgated today by the Sultan of Turkey, authorizes the ministry of war to call out all men capable of bearing arms but who heretofore were not liable for service, inclusive of the ages 19 and 20 for the defense of the Turkish coast and frontiers.

## ESTHER CLEVELAND IN TENNIS GAME AT CORONADO BEACH

This new and interesting picture of Esther Cleveland, known the country over as "The White House Baby," was taken at Coronado Beach, California, the other day while she was engaged in a fast game of tennis. Miss Cleveland is the daughter of the late Grover Cleveland. Her mother was recently married to Professor Thomas Preston of Princeton, N. J.

## Liquor Is Forbidden

Paris, April 8.—The general in command of the army of the Vosges with the consent of General Joffre, has forbidden the purchase or sale of spirituous liquors in the territory occupied by his army.

## RARE VOLUME DONE IN 1654 IS SOLD IN NEW YORK FOR \$4,950

New York, April 8.—Book lovers who have been watching the daily auction sales of the library of the late General Bragton Ives, learned today that one of the masterpieces of Nicholas Jarry, the calligrapher of Louis XIII and Louis XIV of France, was sold yesterday at \$4,950.

This was a new record price for this celebrated manuscript which is entitled, "Office De La Vierge Marie Ave Un Exercice." It is written on 336 pages of pure vellum and was executed at Paris in 1654 for Anne of Austria.

## BRITISH STEAMER PROVES MYSTERY

Rio Janeiro, April 8.—The British steamer Ismaila came to Rio Janeiro today and no sooner had she dropped anchor than speculation was rife as to her real character. She has aboard 145 passengers and the captain said his destination is the Falkland Islands. Lack of coal compelled him to come in here. He declined any further explanation, nor has it been possible to learn why such a large number of passengers are going to the Falklands.

British warships are still believed to be in Falkland waters and it is being said here that the Ismaila is a transport taking 146 officers and men to reinforce their crews.

left Key West the engineer, an elderly man, came to Willard's car and introducing himself, saying: "Mr. Willard, I want to congratulate you. I am proud to shake your hand. I have hailed several Presidents over this line in my time, and never took the trouble to shake their hands, but I'm mighty glad of this opportunity."

## RELIEF FAILS TO ARRIVE; EITEL FRIEDRICH INTERNS

### WILL GO TO THE NORFOLK NAVY YARD

Washington, April 8.—Secretary Daniels today gave formal orders to Rear Admiral Bently, commanding the Norfolk navy yard to take the Prinz Eitel Friedrich to the navy yard for internment.

At first officers and men probably will be given the freedom of Norfolk and later the officers, at least, probably, will be given practically unrestricted liberty, of course upon their promise not to violate the neutrality of the United States.

Newport News, Va., April 8.—With the internment today of the German auxiliary cruiser Prinz Eitel Friedrich and her crew, the commerce destroyer ended her spectacular war career.

Details of the actual internment of the Prinz Eitel before being taken to the "Norfolk" may be given when she will remain until the end of the war, were worked out at a conference early today between Admiral Fletcher, commander-in-chief of the Atlantic fleet, Rear Admirals Helm, of the battleship Alabama and Bently, commander of the Norfolk navy yard and Collector of the Port Hamilton.

Decision of Commander Thierbach of the Prinz Eitel to intern his ship, followed by the receipt by him of an imperative notice from the United States government early

## BRITISH TRAWLER IS BLOWN UP

London, April 8.—The Grimsby Trawler Searina was blown up in the North sea today. It is feared that the nine men on the trawler were either killed by the explosion or drowned. It is unknown whether the Searina was destroyed by a mine or a submarine.

## PROHIBITION STILL OCCUPIES ENGLAND

### ADD TO BRITISH CASUALTIES

London, April 8.—The big list of casualties of the rank and file of the British army issued yesterday of the recent fighting at Nova Chapelle was increased today by the giving out of another list which contains the names of 1,108 men. Of these 346 were killed and the remainder wounded.

## NATIONS AT WAR HAVE LOST 5,950,000 MEN; COST \$8,400,000,000

Rome, April 7 (via Paris) April 8.—The nations now at war have lost 5,950,000 men in the first eight months of the conflict and spent \$8,400,000,000 in the first six months, according to figures prepared for the Avanti, a socialist organ, by its military expert.

The article declares the only result of the war will be a reciprocal wearing out of the forces engaged and not a military victory. It is calculated that nine or ten months more will exhaust the resources of all and that the country which will suffer most from this exhaustion will be Russia.

Even the prohibition of traffic in spirits is not likely to be adopted without considerable opposition from the vested interests. The influence of the party favoring voluntary abstinence is growing. Its latest recruits include the heads of various churches, who have signed a pledge to abstain from intoxicating liquors during the war. Opposition to the suppression of the use of spirits is in some degree sectional, since Scotland consumes per capita three times as much spirits as England, and half again as much as Ireland. Scottish opposition, if solid, might easily cause the defeat of the measure.

## SAYS "JITNEY" BUSES INCREASE ACCIDENTS

New York, April 8.—A plan intended to be national in scope for the regulation of "jitney" buses was prepared for consideration at a meeting of the executive committee of the Safety First Federation of America here today. The committee had received a letter from Harry P. Collin, chairman of the Portland, Oregon, public safety commission, saying that traffic accidents have increased there since the "jitney" buses were put in operation.

## Superior Goes Wet

Superior Wis., April 8.—The city clerk today completed his inspection of the voting machine used in the wet and dry election here Tuesday and officially announced a majority of 15 votes for the wet forces.

## Monoplane Is Ready

Brownsville, Tex., April 8.—The Carranza monoplane was unloaded from its refrigerator car here during the night and taken across the river to Matamoros early today.

### ADD TO BRITISH CASUALTIES

London, April 8.—The big list of casualties of the rank and file of the British army issued yesterday of the recent fighting at Nova Chapelle was increased today by the giving out of another list which contains the names of 1,108 men. Of these 346 were killed and the remainder wounded.

## HAS NARROW ESCAPE

San Jose, Costa Rica, April 8.—Alfredo Gonzales, president of Costa Rica, had a narrow escape from drowning when the presidential yacht was wrecked in the Caribbean three days ago.

## OTT BILL IS REPORTED OUT

Columbus, April 8.—After hearing strenuous objection from representatives of street car and interurban companies, the senate labor committee today voted to report out the Ott bill.

## WILLIS PUTS VETO ON BILL

Columbus, April 8.—Governor Willis today vetoed the bill of Representative Klein, of Hamilton county, to provide a penalty for depriving accused persons of counsel, on the grounds that it would create confusion and be in contravention of the proper discipline of prisons in which such persons are confined. "The author will introduce a new bill conforming to the wishes of the governor."

F. HOPKINSON SMITH, AUTHOR-ARTIST, DEAD  
New York, April 8.—F. Hopkinson Smith, author and artist, died last night at his home here at the age of 77 years.

These beautiful spring days are beginning to get in their work. Already I can feel the need of a rest. If the feeling keeps developing at the present rate it won't be long till I'll be malarial. A full fledged case of spring fever. Here's hoping I can hold it off till Sunday. Here's the dope for tomorrow:  
Ohio—Fair tonight, followed by increasing cloudiness Friday. Rising temperature.  
Kentucky—Partly cloudy tonight and Friday. Probably local thunder showers in extreme west portion. Warmer east and central portions tonight.  
West Virginia—Fair and warmer tonight; Friday cloudy.

# NEED \$1,000 MORE FOR NEW LOCAL INSTITUTION

In the neighborhood of \$1000 yet is needed before the institution for the prevention of tuberculosis, planned by the Scioto County Society of that name, becomes a reality. Mrs. Emma Barber McFadden stated Thursday that she had pledged out which she expected would aggregate about \$500 when they were returned, and that \$100 additional would be needed.

The society plans, at an early date, to issue an appeal to the public, which should find a hearty and liberal response on the part of those able to give.

## Boy Hit By Auto

John H. Noland, aged eight years, son of Mr. and Mrs. Chas. G. Noland, of Front street, was struck by the fender of an automobile driven by a man giving his name as Diltz, of Eleventh street, Wednesday noon, as he was running an errand for his mother. The little fellow received severe bruises about the head, one very serious one over the right eye.

### A Quick, Safe Relief For Indigestion

If the Pepsin pills, Sodamint tablets or other digestive aids you have been taking seem to have no effect, force and it now takes two or three to give you the relief you get at first from one. It's time you changed to a new remedy that works on a different principle.

When your stomach gets in such shape an effective and quick acting remedy is found in Mi-o-na Stomach Tablets made from a scientific and radically different formula from the usual digestive aid. Mi-o-na not only gives prompt relief from sour, gassy stomach and the full, heavy, lumpy feeling that comes after eating but vitalizes the whole sluggish digestive and intestinal machinery and makes your stomach fit to do its own digesting in a healthy, normal, painless way.

Worster Bros. and leading druggists everywhere sell Mi-o-na on a positive guarantee of satisfaction or money back and stomach sufferers everywhere should prove its merit on this basis.

### It's a Good Thing

A young man brought one of our "Ideal Pocket Saving Banks" with his three days' savings of quarters, dimes, nickels and pennies to our office. We opened it and he had almost \$3.00 which he deposited on his savings book.

"To said, 'It is a good thing. If I had not had the bank, I would have spent the money. As it was I saved the small change into the bank and I saved it.'"

If the small bank is a good thing for him, it will be good for you. You can start today by leaving a dime with us and taking the bank with you. When you return the bank to be opened and your savings are credited on a pass book, we return the dime to you.

The bank is little but it helps.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one remedy for that scourge, the catarrh, which is able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full testimonials.

Address: F. J. C. CO., Toledo, O. Sold by all druggists. Take Hall's Family Pills for constipation.

**SULTAN OF TURKEY SAYS STRAITS CANNOT BE FORCED**

Constantinople, April 8.—(Via The Hague).—"I am convinced that the Dardanelles cannot be forced. The brave conduct of the Turkish troops in the recent operations against the straits permits me to conclude that although the allies bend every effort and use every means at their disposal they will be unable to achieve their purpose."

Thus spoke Mehmed V, the Sul-

tan of Turkey, and first Caliph of the Moslem world in the course of an audience which he had granted the Associated Press correspondent.

The various phases of the bombardment were discussed by His Majesty in a manner demonstrating that he was well-informed on the affair but he was greatly interested in the human aspect of this tremendous action. What the

effect of the enemy's fire? What impression was made upon the minds of the Turkish troops and what was the fate of the population of the towns near the ports bombarded? All these were things in which the Sultan showed deep concern. His Majesty asked the correspondent of the Associated Press to describe the sinking of the French warship Bouvet and the British Irresist-

ible. That the former had disappeared within three minutes brought a look into the kindly grey eyes of His Majesty as if he regretted that so many human beings had perished without a chance to fight for life.

The Sultan then asked if his troops appeared to be happy and contented. The answer being emphatically in the affirmative, a new smile of satisfaction showed on his face.

"It has been said that it was the factor of luck that made our victory on March 18 so complete and great," he said, "but we, in the Turkish, have a saying, 'Luck is infatuated with the efficient.'"

"It appears very unjust to me that the allies want to force the Dardanelles and take Constantinople just to import foodstuffs from Russia. But our army and coast defense force has shown their ability and willingness to do their duty. I am speaking here not alone of the Turkish defenders of the Dardanelles, but also, those Germans who have so efficiently and bravely cooperated with them."

"I would thank you if you say for me that my admiration for the German troops in the east and the west is so great that it is impossible for me to express in words my high opinion of their valor and efficiency. Concerning their chief commander, Emperor William, I can plainly say that we, in Turkey, pray that he may enjoy the best of health for many years."

**TREMPER EMERGENCY BILL IS KILLED IN HOUSE; SAY FIRST WILL BE UPHeld**

Columbus, April 8.—The house today defeated by a vote of 76 to 19 the substitute. Tremper bill passed by the senate as an emergency yesterday, to extend for two years the state loan of \$1,117,000 to building and loan associations in districts devastated by the 1913 flood. Representative Whittemore and Representative Krummer, Republican and Democratic flood leaders, objected to rehearsing the bill which had been passed previously by both houses with an emergency clause attached.

The substitute measure was presented because Attorney-General Turner gave the opinion that it was not properly passed as an emergency the first time.

The floor leaders protested against following the opinion of the attorney general in such minute detail, maintaining the former bill was validly passed. Representative Whittemore expressed the opinion that the money would not be withdrawn from the building and loan associations, and that the validity of the first Tremper bill would be upheld by the courts.

It was said this afternoon suit probably would be filed in the supreme court tomorrow seeking to enjoin the state treasurer from withdrawing the funds from building and loan companies.

While the suit would be brought in the name of only one plaintiff, it was said it was intended as a test case for all of the institutions affected.

It was said this afternoon suit probably would be filed in the supreme court tomorrow seeking to enjoin the state treasurer from withdrawing the funds from building and loan companies.

While the suit would be brought in the name of only one plaintiff, it was said it was intended as a test case for all of the institutions affected.

The floor leaders protested against following the opinion of the attorney general in such minute detail, maintaining the former bill was validly passed. Representative Whittemore expressed the opinion that the money would not be withdrawn from the building and loan associations, and that the validity of the first Tremper bill would be upheld by the courts.

**SAYS DIVORCE EVIL IN OHIO IS STENCH IN NOSTRILS OF PEOPLE**

Columbus, April 8.—The house debated the divorce evil during a large part of the morning today before finally killing the Young bill, which is intended to make more difficult unconsented divorce cases by providing a court investigator and compelling presence in court of both the husband and wife.

Members of the Hamilton county delegation, Representative Lustig of Cuyahoga, and Representative Thompson, of Franklin, made strong attacks on the bill, on the ground that the work of special court investigators is usually unreliable and unfair.

Representative Cranley, of Knox, defended the measure saying the divorce evil in Ohio is a "stench in the nostril of decent people." With such easy divorce made possible in unconsented cases, marriage in many cases actually is only "legitimized prostitution," he declared.

Opposition from the Hamilton county representatives also was successful today in killing the White bill which sought to place the supervision of maternity homes entirely with the board of state charities instead of being divided between the medical and the charities boards.

House Votes Favorably On Heinzelman Bill

The house passed the Heinzelman bill which authorizes municipal councils to levy a special tax assessment of not more than 3-10 mills to create a fund for pension of ex-volunteer firemen and their widows.

Pass Measure To Stop "Junketing"

The house today passed the Reighard bill which is drawn to eliminate "junketing" trips by legislative committees and state officials according to Representative Reighard, of Fulton, its author. The measure would authorize so-called "deficiency expenditures" by state institutions and departments only when the state emergency board approves them in advance.

**ITALY EXHAUSTING EVERY POSSIBLE MEANS BEFORE TAKING RECOURSE TO ARMS****Trolley Men On Strike**

Syracuse, April 8.—A strike on the Empire United Railroad lines was ordered last night by the Amalgamated Association of Street and Electric Railway employees. The strike effects virtually the entire interurban system of central and western New York with the exception of Oneida, the Syracuse and Utica division.

Duchler's ambulance removed Mrs. Ward from 1220 Hutchins avenue to 1910 Eleventh street Wednesday.

Rome, April 7 (via Paris, April 8).—Italy's failure to enter the war up to the present time is explained in official circles as due to the fact that the country's statesmen do not wish to plunge the nation into the enormous risks of war without first exhausting every possible means of obtaining what the people desire without recourse to arms.

It is pointed out that in the meantime Italy is gaining every day in military strength and in economic resources by postponing her entrance into the conflict.

Official reports received here from European capitals are said to agree in the statement that the supreme clash between the Allies on the one side and the Austro-German armies on the other, which originally seemed certain to take place in May, will be postponed until June or even later.

"No Reason Why Italy Should Hasten Her Course"

The answer made to those who are urging immediate hostilities is that under the circumstances there is no reason why Italy should hasten her action since the longer she delays the greater would be her chances of success

and the greater the aid she would be able to give those countries on whose side she would align herself.

No attempt is made to deny that a war against Austria for which the Italian people long have felt animosity would be popular. In this connection it is pointed out that the Italian army has been successfully mobilized without a protest from Austria, the country most obviously threatened.

This is taken in some quarters to indicate that the leaders of the dual monarchy are desirous of averting hostilities, and they may yet consent to the territorial concessions Italy desires.

**BETHLEHEM STEEL TAKES BIG JUMP**

New York, N. Y., April 8.—The extraordinary gyrations of Bethlehem Steel furnished the sensational feature of today's stock market its course strongly suggesting a "corner."

The stock opened at an advance over the previous day and by noon it had attained a new high record at 96 3/4. In the early afternoon it crossed par and hung around 103 until the final half hour when it rose by leaps and bounds to 117, fell back to 105, up again to 110 and closed at 105.

At its maximum price the stock showed a gain of 20 1/2 points. Its net gain was 17 1/2 points.

Practically all the trading in Bethlehem Steel was in small amounts, lots of 100 to 200 shares predominating. Wall street was of the opinion that a suborn

short interest had been squeezed, such a process being easy of accomplishment by reason of the small amount of stock on the market.

**GERMAN WAR STATEMENT**

London, April 8.—The German official report of today on the progress of hostilities, as received from Berlin follows:

"The fighting between the Meuse and the Moselle continued yesterday. In the plain of the Woevre, southeast of Verdun, all French attacks failed."

"In the Combrès hills forces of the enemy which have at certain places penetrated into our outer trenches were driven back by a counter attack. Battalions of the enemy which advanced against our positions from the wood of Selesou north of St. Mihiel, were driven back into the forest with very heavy losses."

Bitter fighting at short range is again going on in the forest of Ailly. In the forest to the west of Apremont our troops are in pursuit of the enemy who made an unsuccessful attack."

"Their attacks on positions north of Fliery, as well as two evening attacks to the west of the Le Petre forest broke down under our fire and they sustained heavy losses. Three French advances during the night in the Le Petre forest failed."

"The total of French losses along the entire front again has been extraordinarily heavy, without their gaining even the slightest success."

"An aeroplane of the enemy coming from Paris was forced to descend in the vicinity of Reims. The pilot declared that no news concerning the French losses in the Champagne fighting had been given out in Paris."

"The fighting at Hartmanns-Weierkopf continues."

"There have been no developments in the eastern arena of the war. The weather is bad, and the roads on the Russian frontier for the time being impassable."

**LUERTA ON WAY TO THE UNITED STATES**

Washington, April 8.—Official announcement that Victoriano Huerta recently sailed on the steamer Antonio Lopez, due to arrive at New York on Saturday. It will be his first visit to the United States.

Just what the purpose of his visit may be is unknown to officials, but it is generally believed he intends to confer with numerous prominent Mexicans associated with him in his administration who have gathered in New York since the triumph of the Constitutional forces in Mexico, or, perhaps, intends to make his residence there.

**GERMAN EXPEDITION HAD EXCITING EXPERIENCES**

Rome, April 8.—(Via Paris).—The members of the German mission who made an unsuccessful attempt to penetrate to Addis Ababa to communicate with the German minister to Abyssinia have just arrived in Rome on their way home. Italy did not permit their passage through Eritrea, but undertook to see that mail for the minister would go forward in due course.

"The members of the mission had a series of remarkable experiences which included twenty-three days on the Red Sea in a native boat; an encounter with a French cruiser which almost resulted in their capture and persistent but futile efforts to obtain permission to travel through Italian coast country."

It has been rumored that the object of this mission was to instigate the Abyssinians to attack their forces in the Sudan. This the Germans deny, saying their purpose was only to carry mail to the minister.

Member of Expedition Is Intimate Friend of Kaiser

This denial has been met by Italian newspapers with a refutation of the composition of the mission and also by the fact that it traveled through Rumania, Bulgaria, Turkey and Asia Minor before reaching the Arabian coast near Aden. The mission consisted of Herr Frobenius, a German explorer who is described as an intimate friend of Emperor William, and two secretaries and special attaché of the foreign office. 7-Passenger Phaeton \$1550	3-Passenger Roadster \$1550
----------------------------------	-----------------------------------

**Next Year's Value What Will It Be?**

This new-type HUDSON is the car for men who are seeking stable value. High-priced Fours have dropped immensely in value since class buyers came to Sixes.

Heavy cars are almost bygones. Refinement and lightness are in vogue. Light Sixes are the cars of the future. They dominate now in the class field. There are ten times as many as last year.

But the HUDSON—the original—the result of four years of refinement—is more stable than a new creation. A design by Howard E. Coffin—the top-place designer—is more likely to be final than another man's new model.

And the HUDSON name and standing give permanence to HUDSON values.

**A 25-Million-Mile Car**

The HUDSON Six-40 may today be called the 25-Million-Mile Car. Over 10,000 owners, in the past two seasons, have driven it at least that far.

What one says all will say. The car has proved itself ideal. It is a finished product. Our whole engineering corps has spent four years in refining every detail. Motorists today can see no way to add further improvement.

This car has a staple value. It shows the coming type perfected. Inside and outside, every part and detail shows the final touch.

And HUDSON service gives it added value. We never lose sight of these cars. Come see if you agree.

## THE MAYOR ON THE SMITH LAW.

Mayor Frick has taken a decided stand in regard to the Smith One per cent law that ought to commend him to the taxpayers. He has refused to join in a movement inaugurated in some of the larger cities of the state to secure more revenue, and it is expected to do this by having some of the limitations of the Smith law removed. Answering a request from the mayor of one of the largest cities in the state that he join in such a movement, Mayor Frick has written a reply in which he states that he voted for the Smith One Per Cent tax law, that he believes in it, and that he will do nothing to impair its efficiency. The mayor further believes, however, that there should be provision operative for a certain number of years that will take care of annexed territory, the wisdom of which is apparent. Now territory means paving, sewers, extra lights, etc., that cannot be taken care of in the ordinary run of city financial affairs and some way should be provided to care for such needs.

## THOSE TEMPORARY ROADS.

We strenuously deny that there is anything personal in our objection to the blockade of Portsmouth. We simply believe that Portsmouth is entitled to free egress and ingress to insure her prosperity and the prosperity of her merchants. And we also believe that the country people are as vitally interested in this matter as are the residents of the city. It is unfortunately necessary for temporary inconvenience when permanent roadways are being built, but it is equally true that inconvenience should be made as slight as possible. And we do not believe that such has been the case in this county in the past. Why not profit by our mistakes and do things right from now on?

And by the way, did you ever hear of a derelict official, called to account, who did not howl "personal grievance?"

## THE DREAD OF CATARACT.

(From The Journal of The American Medical Association.)

The public has a horror of the word "cataract." It is a synonym of irremediable blindness. This is bad for two reasons. In the first place, the patient and his friends are inclined to regard every eye trouble as cataract. Every spot on the eye, every decrease in vision, causes the fear, "I'm going blind from cataract." Frequently, the patients go to the oculist so wrought up that even his favorable opinion fails to relieve them. In this state, they fall an easy prey to quacks, and charlatans, who assure them that their glasses and "cures" will affect a cure. Sometimes there is an actual improvement in the ocular state, as a result of which the remedy to cure cataract is heralded far and wide. On the other hand, they may serve to keep the patient from securing proper treatment until the condition which at first was comparatively harmless, may have progressed beyond the possibility of cure. In the second place, even if the patient has a cataract, the outlook is by no means hopeless. It must be explained to him that the nature of the disease is such that there will be a progressive loss of sight until a certain stage is reached, after which it will be possible by a delicate but not especially dangerous operation to restore the sight. In only a very small percentage of cases does the eye become blind. In the great majority of cases, a high degree of useful vision is obtained, and in some a condition approaching normal vision results. In fact, cataract is one of the most favorable of eye diseases which cause loss of sight, and a patient whose failing sight cannot be remedied by glasses, should hail this diagnosis with relief instead of with horror.

## APRIL WEATHER.

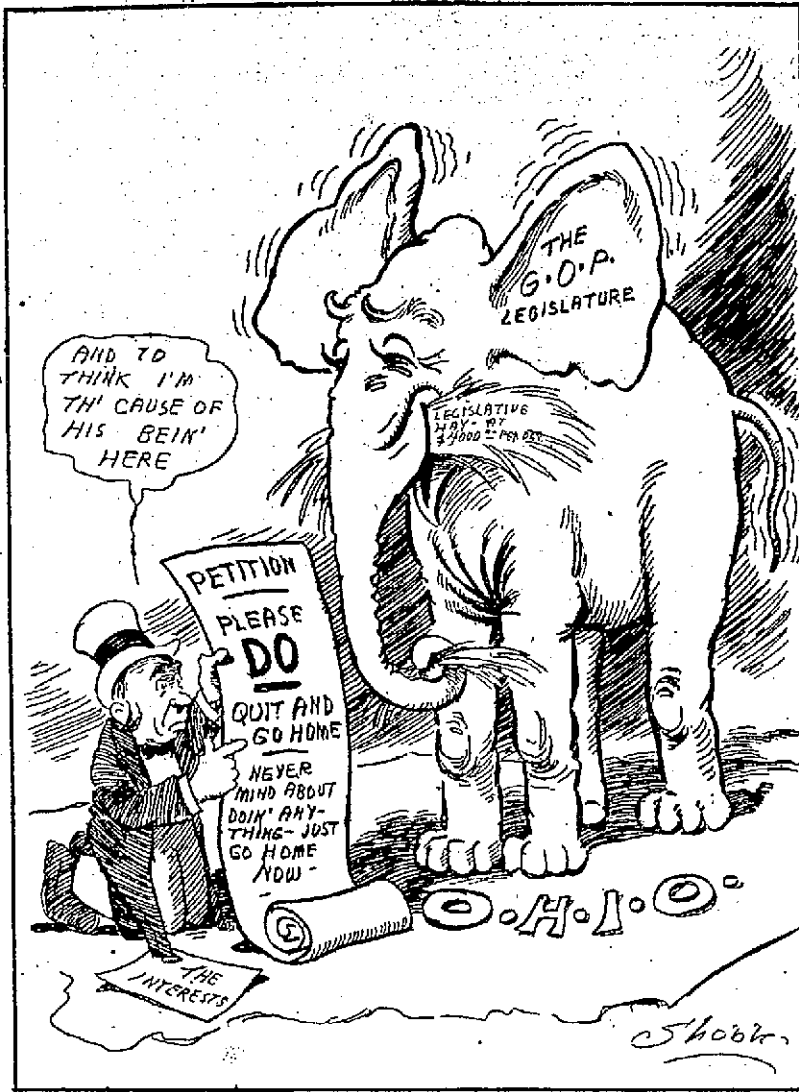

If you could have a perfect day  
To dream of when your life were done.  
Would you choose one all clear and gay—  
If you could have a perfect day—  
The air above the wide green way  
Sheer virgin blue with crystal sun?  
If you could have a perfect day  
To dream of when your life were done.

Or would you have it April's way,  
Haphazard rain, haphazard sun,  
Divine and soiled, clear and gray,  
Dyed like these hours' own work and play,  
All shot with stains of tears and clay,  
Haphazard pain, haphazard fun—  
If you could have a perfect day  
To dream of when your life were done?

—Edith Wyatt in the Poetry Magazine.

Of course it is something old, but don't you think we have a lot to be thankful for in these beautiful April days?

## A WHITE ONE.

## WHY SHOULDN'T HE DO SO?

We fail to see why some of our Democratic friends should be setting up a rour these days because Governor Willis is appointing Republicans to office. Why shouldn't he? When, with proper observance of law an office falls vacant, we firmly believe that an executive officer should appoint men of his own party and his own faith to position and we fail to see wherein there should be objection to this. Of course Mr. Willis went about the state loudly proclaiming that Cox had built up a machine of personal appointees and deluded some people into the belief that he was going to abolish a raft of offices. But then Willis was just fishing for votes and what he said as a candidate does not hold good with him now that he is in office.

## TO GET RID OF THEM.

John H. Myers, who recently made the race for mayor of Oklahoma City is either a humorist or is extremely wise in the ways of the world—and politics. Certainly he is philosophical, for he says that since the primary, six hundred and fifty people have told him that they voted for him, whereas he received less than one hundred votes and adds: "Still I do not question the results." In filing his statement of expenses after the election, he puts down an item of five dollars, which he says he gave to "moochers," meaning thereby the fellows who "work" candidates for whatever sum of money they can obtain. "This was to get rid of them and not with the idea of getting their support," he says. There is wisdom—"to get rid of them." Every man who runs for office finds it cheaper to give the "moochers" a little something than to allow them to take up his time. He knows that support doesn't come from those who are most under obligations.—Piquette Daily Call.

The Star can be so obtuse at times. To diagram matters for it we rise to explain that we are not indignatin' at the appointment of Mr. Corson by Senator Trempier to the office of tax assessor. We are just commiserating, get that word, with members of the G. O. P. organization for the pretty manner in which the senator gave them the go-by.

Ironton after having built one new water works plant and then having had it condemned, is now worrying about building an entirely new plant. This time the old borg is going about the matter with the utmost care and circumspection. Having been stung once she does not propose to be stung again if she can help it.

Of course we take it that Chillicothe and Ironton both feel highly elated over the fact that they are going to have the privilege of being beaten by a ball team wearing uniforms with "Portsmouth" spread all over them.

Clinkenberg, Chalmers Davis and Robert E. Lewis.

## INVESTIGATE FIRE

The Enquirer of Wednesday said

Deputy State Fire Marshal McGinn and Sweeney returned to Cincinnati yesterday after investigating a mysterious blaze which destroyed the residence of Ralph Smalley, a farmer, living near Sinking Springs, in Adams county.

According to the officials, the house and furniture were insured for \$1,400. Smalley was alone, he said, at the time of the fire. He did not notify neighbors, he told the investigators, because he did not know them. McGinn and Sweeney say the incident was not reported to the authorities until two days after it occurred.

The Smalley family was living in his other residence, at Peebles, Ohio, a few miles away, when the dwelling was burned.

## Some Signs of Spring

There's the palest blue  
In the sky overhead,  
And a glad bird's song in the air,  
There's a hum of bees  
From the apple trees,  
And the laugh of a child somewhere.

There's the smell of loam  
From the new-tilled yards,  
And the love-talk sweet of a wren  
There's a peep and call,  
From behind a wall,  
Of a brood for the mother-hen.

There's a merry ring  
From the anvil's bells,  
For the smith has thrown wide  
his door,  
And his measured blow  
On the shoe a-glow  
Breaks the sound of his bellows' roar.

O it's well I know  
That fair spring has come,  
By the things that I hear and see,  
And, beside, I know  
That it must be so,  
When the birds all tell it to me.

And it makes me glad  
Just to live and love,  
In a good old world like this,  
And my heart speaks out  
In a song and shout,  
At the touch of spring's warm kies.

—Will P. Sayder.

## An Unnecessary Prayer

A clergyman who had fulfilled five years of devout service in a suburban church was preaching his farewell address.

During the sermon he expressed the thought that ministers ought to be humble and poor like their Master.

"I have often prayed," said he, "that I might be kept humble; I have never prayed that I might be poor—I could trust my church for that!"

Young Alfred had been reading the evening paper and paused contemplatively for a few moments.

## THE ENVIYOUS COLT

One day a Colt was heard to say, "I don't think it is fair That Sheep should have nice fleecy wool and I should just have hair."

"I would be so much handsomer with curly wool of white, Instead of which I have straight hair, it really is not right."

He wouldn't listen to a word that anyone could say, And though his mother scolded him, he stood and sulked all day.

Then as he stood there by himself he had a big surprise; He saw a sight so strange that he could not believe his eyes.

Across the field from where he stood a flock of Sheep appeared, And not one Sheep had any wool, they'd every one been sheared!

"Where is your nice white curly wool?" he asked in great alarm, "The shearers cut it off," they said, "because it was so warm."

The Colt stood for a while in thought, then gave his head a shake; "I don't see why I envied you, it was a big mistake."

"I really thought I wanted wool, but I was wrong I see; I'd rather have my hair that's on than wool that's off," said he.

Don't let the seed of envy be planted in your heart, For like most weeds it flourishes when once it gets a start.

## WHAT HAPPENED TO ETHEL ELEPHANT

(By Evelyn Campbell and Mildred Schloss.)

When the fire broke out in the circus tent,  
Poor Ethel cried in fright;  
She longed for her home in the jungle,  
And resolved to reach it that night.

But she was seen by some hunters  
Some men who had come from the zoo;  
They caught her and took her away,  
With a naughty young ape who had run away, too.

Ethel was taken far, far away,  
And put in a pen at the zoo.  
People came every day to look at her  
And of the many that came there were none that she knew.

Twelve o'clock and it is time for lunch,  
The animals, all had nice things to eat,  
The Elephants had peanuts and nice sweet hay,  
The Lions and Bears had meat.

But for all of Ethel's kind treatment,  
She longed for her wild sweet home,  
And resolved could she but reach it,  
She never again would roam.

But alas! poor Ethel Elephant,  
Her days of freedom were o'er,  
Never again to roam in the wild wood,  
Or play on the river's shore.

Let this be a warning to little girls  
Who are prone to disobey,  
After once on the road of untruth and deceit,  
It is hard to get back the right way.

## IDLEWILD STREETS NAMED

To perpetuate the memory of those who owned the tract of land on which the Idlewild Addition will be laid out, and these who recently purchased it, the streets in the addition will be named after them as follows: Turley avenue, Jordan avenue, Basham, Earl avenue and Charles avenue. They are named for L. C. Turley and Alan Jordan, owners of the land, Charles Turley and Thomas dition will be named after them as follows: Turley avenue, Jordan avenue, Basham.

## HOBO MADE DINNER DISAPPEAR AND THEN DISAPPEARED WITH FORK

Robert D. Lanter reported to the police that his next door neighbor, Mrs. Thomas Jefferson, wife of a city fireman, was the victim of a hobo's ingratitude Wednesday evening. Mrs. Jefferson prepared a

lunch for the tramp and permitted him to sit down on a porch of her home, 1334 Ninth street, to eat it. He soon disappeared, taking with him a silver fork she had loaned him.

## Award Contract

The city board of control, at a meeting Thursday morning, awarded a contract to Kelley Bros. for the

construction of the Cecil S. Miller link of the Lawson Run storm and sanitary sewer.

The board changed from the concrete plan to that of brick material on which Kelley Bros. bid of \$3439.00 was lowest. Miller & Seymour's bid of \$5057 was lost on concrete. The sewer will be located west of High street, between High street and Twentieth streets, in the Rosemary addition, and will form part of the trunk line sewer that will take care of the storm waters of Lawson's Run. The link will enable Mr. Miller to complete the improvement of his new addition.

## Have New Uniforms.

Police Officers Joe Bonzo and Roy Moore are sporting brand new blue serge uniforms, which they received Wednesday from the Salvage.

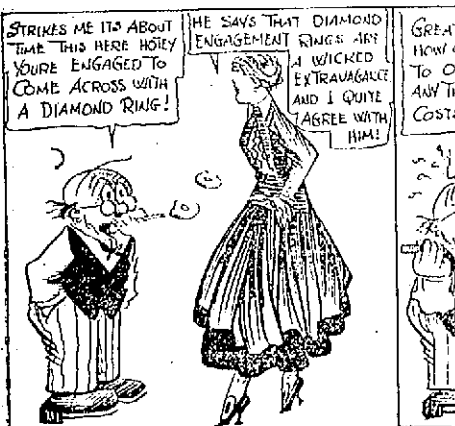

## Hoodoo After Louis.

Louis Miller, of the Flinders Ohio, believes he has a hoodoo hanging over him when it comes to cutting the same thumb. A few days ago he jabbed his thumb with an ice pick, then a day or two later he cut the same thumb and is now threatened with blood poison.

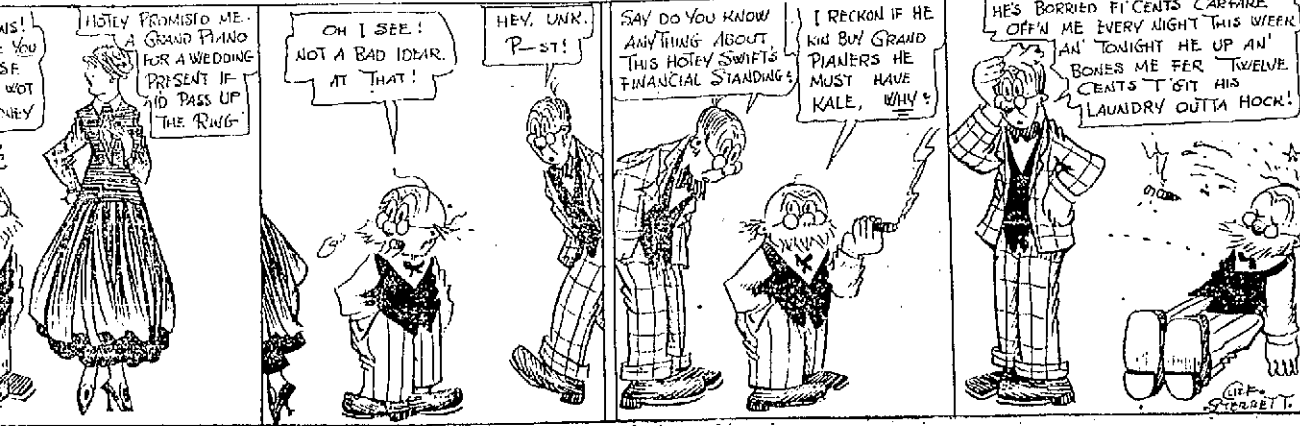

## Meet Tonight.

## The Markets

## NEW YORK STOCK

New York, April 8.—A maximum gain of almost 30 points in Bethlehem Steel with striking advances in other specialties were the outstanding features of today's irregular market.

Leading stocks were neglected in the early operations while financial specialties rose to new high records.

General motors added four points to its seven point advance of the previous day and allied issues also were higher. American cotton oil, American Sugar, Texas company and United Railways preferred were included in the other active specialties.

Standard issues lost additional ground while specialties showed increasing prominence. Bethlehem Steel continued its advance to 96 3/4, exceeding all previous records by 2 1/4 points, the preferred advancing 7 points to 113.

General motors extended its early rise to almost nine points on rumors of a substantial disbursement to shareholders. Other speculative stocks, including high priced shares like Sears-Roebuck and Texas Co., moved higher. New York Central and Minneapolis and St. Louis preferred were added to the meager list of strong railway shares, gaugers failing to make expected response to yesterday's crop report.

Bonds were steady.

Bethlehem Steel proved that its stability is not dependent upon dividends prospects to rising to 91 1/4, four points over yesterday.

Rock Island and Missouri Pacific were active in the railway group.

Feverish trading in Bethlehem Steel which rose to 117, marked the final dealings. Other low priced industrials also were prominent but standard shares became decidedly unsettled. The closing was irregular.

CHICAGO GRAIN  
AND PROVISIONS

Chicago, April 8.—Peace talk resulted today in lowering the value of wheat. Commission houses were in general the most active sellers. A decline in prices at Liverpool emphasized the bearish sentiment, and so also did reports of favorable condition for the domestic crop. After opening 1/2 and 3/4 to 1 1/2 down, the market steadied at a range well under last night's level.

Shorts covering rallied corn. At first the market had sagged owing to the heaviness that prevailed in wheat.

The opening which varied from 1/4 to 3/4 off, was followed by an upturn that overcame all the loss.

Oats were easy because of timidity showers.

On the decline there seemed to be considerably buying for the seaboard.

Provisions hardened because of an advance in the hog market. Trade, however, lacked volume.

In later wheat dealings the market fell nearly to the lowest point touched early.

Seeding was said to have a good start in North Dakota. The close was unsettled at a shade to 3/8 net decline.

Subsequently in corn, the buying gave out and prices quickly dropped back. The close, nevertheless, was firm at a sixteenth to 1/8 under last night.

## PLUMBERS BOARD AGAIN IS UP TO CITY COUNCIL; QUARANTINE DISPUTE

The board of health at its monthly meeting Thursday afternoon referred the request of local plumbers for a licensing board to consist of four members and an inspector back to the city council, where it originated. The plumbers had been told to get the recommendation of the health board on this matter before council could take it up. The licensing board matter was referred to a committee composed of Labord, Test and Capt. James W. Smith and at this afternoon's meeting announced that the recommendation for a plumber's licensing board would be referred back to council without recommendation.

The board then plunged into a discussion on the quarantine matter referred to them by the school board at their meeting Wednesday afternoon. The board will wrestle with the problem of the case of the children in Hugh H. Higgins' family on Seventh street who were permitted to attend school when a child in a family living in the same home with them was afflicted with scarlet fever, the patient being Dorothy, 12-year-old daughter of Emanuel Oakes.

The first speaker was Health Officer Dr. W. W. Smith, who reviewed every phase of the quarantine controversy. He stated that he had placarded the portion of the Higgins home occupied by Emanuel Oakes and that the card would be seen by anybody passing the home. He said that inasmuch as the patient, along with her mother occupied a separate room and that other children of the family were not permitted to enter the room he saw no reason why Mr. Higgins' children could not attend school.

Capt. James Smith stated that a quarantine matter was largely up to the discretion of the health officer. He said that it was his opinion that quarantine should be more severe in some cases than in others.

Frank V. Knuss has joined the Do-It-Now Club, as he is having his home on Eighth street repainted.

## GERMANY WILL SETTLE UP FOR SINKING OF FRYE

Washington, April 8.—Germany has replied to the claim of United States for compensation for sinking by the Prinz Eitel Frederick of American ship Wil-

liam P. Frye, assuming liability not only for destruction of vessel but for cargo under the treaty of 1828. Germany however, insists the case shall go to the prize court.

### UNCLE SAM DISTRIBUTES FREE 75,000,000 PACKAGES OF SEEDS

Washington, D. C., April 8.—Hundreds of thousands of packages of seed, provided and distributed at Uncle Sam's expense, are being poured into the mails from the capital.

Each senator and representative is shipping 28,000 packets of

the seed, mostly vegetable, to constituents in his state. Each package contains five different varieties, making a total of close to 75,000 packages of seed furnished free by congress to the agricultural constituencies annually.

## Election Reform Bill Reported To Senate

Columbus, April 8.—The senate elections committee today decided to report out without recommendation for passage the Wickliffe bill, which would reorganize the election machinery of the state.

It was amended to reduce still further the salary of members of boards of elections in the thirty smallest counties of the state from \$50 to \$30 a month.

The bill cuts from four to two

the number of members of election boards in all but the five largest counties and from six to four the officials and clerks in precincts.

It provides also for a system of absent voting.

## FRENCH WAR STATEMENT

Paris, April 8. (Via London).—The French war office this afternoon gave out a report on the progress of the fighting which reads: "In Belgium the day was marked by artillery engagements.

"In the valley of the Aisne and in the district to the east of Rheims our efforts, in spite of the abnormally bad weather, continued with great activity and we have maintained our gains between the Meuse and the Moselle in their entirety, while at the same time we are proceeding to make further progress.

"In the Braille forest we captured a German trench, at the same time taking a large number of prisoners in this section of the front.

"The rains of the last few days have soaked through the clay soil of the Woevre to a great depth, rendering difficult the movements of artillery and preventing the explosion of shells. Our troops have consolidated the progress made on the previous day. We maintained all our advance in spite of counter attacks of extraordinary violence.

"At Les Eparges, especially, the last German counter-attack was carried out by a regiment and a half and was completely repulsed. The enemy sustained enormous losses. Corpses of their men covered the field. Three hundred men who momentarily would have advanced from the German position were mowed down by our machine guns. Not one of them escaped.

London, April 8.—The Belgian legation here has received a telegram from the Belgian minister of war dated yesterday which reads:

"The western side of the Yser canal, in the direction of Driel Grachten has been completely freed of the enemy by Belgian troops. The Germans fled in disorder leaving behind the machine guns and ammunition.

### WITH THE SICK

Henry Adams, who has been ill with typhoid fever at his home on Union street is convalescent and it is thought has passed the crisis of his illness.

Frank Doerr, a paperhanger, is very ill with an attack of grip at his home, 1408 Fourth street.

Mrs. Frank Bennett, of Sixth and Lincoln streets is recovering slowly from an attack of pneumonia poisoning which she suffered several days ago. Mr. Bennett is employed as conductor on the Third street car line.

The many friends of Dr. W. A. Quinn, of Ninth street, who recently underwent a very serious operation at Hempstead hospital, is gradually regaining his strength at his home and hopes to be up and about within the next week. He is now able to sit up practically all of the time during the daytime.

Mrs. Walter Abrams, who has been very ill with pneumonia at her home on Gallia pike, was reported better Thursday.

Hughen Bush, who has been seriously ill at the Grant hospital in Columbus, has taken a turn for the better and is now able to sit up an hour or two each day.

Miss Bertha Cremons, who has been a patient at Hempstead hospital for some time past, was removed to her home on Fourth street by Lynn's ambulance Wednesday afternoon.

Miss Irene Pugh, who has been seriously ill with peritonitis, at her home on Hutchins street, is slightly better, and the doctor gives hopes of her recovery.

Friends of Mrs. Lester Finney of Sciotoville will be interested to learn that she has completely recovered from her recent illness and is feeling better now than she has for several years.

### SOCIETY

Mrs. Fred Bobst and Mrs. Louis Bobst, of the Chillicothe Pike, entertained the Ladies Aid Society of the United Brethren church this afternoon at the home of Mrs. Fred Bobst. There were 40 ladies and 20 children present. Rev. Mr. Hooper, pastor of the church, was an honored guest. After the business session a social hour was enjoyed, during which delicious refreshments were served.

Section One of the Aid Society of the Second Presbyterian church will hold a bake sale Saturday, April 10 at the Gas office, corner Eighth and Chillicothe streets. Delicious home-made pies, cakes, rolls and coffee cake will be on sale. The sale will be in charge of Mrs. E. H. Hammer, Mrs. Conrad Roth, Mrs. Ben Heer, Mrs. Henry Scott, Jr., Mrs. Caskey and Miss Lang.

Mrs. Henry Scott, Jr., will entertain the Thursday Evening Kensington Club this evening.

Mrs. Ollie Davis and son, Norris, of Manchester, are visiting Mr. and Mrs. C. W. Beeley, of Hutchins street.

Edgar P. Chipman, who for two years held the position of organizer in the Second Presbyterian church, left Thursday for Philadelphia, where he will locate.

Miss Loretta Johnley, of Rush-town sister of Attorney J. F. Johnley, spent Thursday in Portsmouth shopping.

Mrs. John Swearingen, wife of the Scioto Point grocer, and children have gone to Harrisonville for a visit to relatives and friends.

## DO IT NOW

Contractor James I. Barnes, who is building the new Garfield school building on the Gallia pike, began pouring concrete for the roof Thursday. The work is moving at a very rapid clip.

S. Mounce & Son, who are paving the Gallia pike, are making rapid headway. Their steam shovel tore up 300 feet of the pike Wednesday and the work will be pushed as rapidly as possible.

Work on the new business block Louis Distel is erecting on Gallia street is moving along at a very satisfactory rate. Kaps Bros. are at work on the first floor and hope to complete the building within six weeks. It is to be occupied by a pool room and bowling alley by Louis Distel.

### GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Ton-sillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your drugstore, in 25c and 50c jars, and a special large hospital size for \$1.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

The Portsmouth Brewing & Ice Company is putting down a new floor and otherwise improving its offices.

Phil Wolff has joined the Do It Now Club and is having the front of his Chillicothe street store repainted.

Kelley Bros. expect to begin work Friday morning building the Cecil Miller link of the Lawson Run sewer. They are also putting in some new curbing for the city on Eleventh street, from Clay street to Hutchins avenue.

John Moeller butcher and canneryman has joined the Do It Now Club. Contractor John Williams is re-roofing the Moeller home at 1006 Ninth street.

Enroll Henry Helt as a Do It Now Club member. He is having his property at 1022 Ninth street repainted.

Dr. George Martin is completely remodeling his office at 523 Sixth street. When completed it will be one of the finest offices of the kind in the city.

## May Open Studio

Several local music-lovers are endeavoring to induce Edgar F. Chipman, former organist of the Second Presbyterian church, who returned home Thursday, to return here and open up a studio in this city. If enough pupils can be secured, he will return to this city to locate permanently.

Mrs. Edna Slinger, the primary teacher in the school at McGaw P. O., was obliged to return to her home in Manchester Thursday on account of illness.

Back On The Job  
Alvin McGuinn has returned to duty as express messenger on the B. & O. S. W. accommodation train after a visit among relatives and friends in Huntington.

on the Germans who may force back the Russians as they did when the invaders had reached a point further within Hungary than they have gained this time. On that occasion an Austro-German force attacked the Russian

flank in the country south of Cracow and threatened its lines of communication, quickly bringing about a retreat.

A similar movement might be attempted now but its chances of success probably would not be as great as before. For the Russian positions are now heavily entrenched and presumably could only be dislodged at the cost of heavy losses for the attackers.

In the west the French are hammering away at the German wedge extending to St. Mihiel. The Germans claim to be checking all these assaults but the French declare that their advance, though slow, is steady.

The allies are celebrating today the anniversary of King Albert's birth. This day also marks the seventh anniversary of Mr. Asquith's premiership. last night that the time limit for his stay in this port would expire at midnight.

Had he not asked to intern his ship Captain Thierichens would have been compelled to depart from American waters not later than 4 a. m. today. On requesting permission of the Washington government to intern, Capt. Thierichens' explanation that failure of expected relief to arrive made the step necessary.

It was said that he had expected German warships to arrive to aid him in eluding the Allies' warships.

Downboard By Action  
On board the Prinz Eitel today, which up until the last moment for her time, expired appeared to be ready for a dash to sea, Capt. Thierichens and his men seemed to be gloomy. The captain declared today that he was heartbroken because he had been forced to intern and said that he had not intended doing so had it not been absolutely necessary. Many British ships were leaving this port today as a result of the decision to intern the Prinz Eitel, which action operated to lift the American embargo against ships of the Allied European countries.

With the taking of the Prinz Eitel to the Norfolk navy yard today breach blocks of her guns were to be removed and the connecting rail of her engines detached.

The Prinz Eitel had been laid up here since March 10, when she limped into port following her remarkable commerce raiding voyage from the Orient during which she destroyed the American ship Wm. P. Frye.

# DISORDERLY WOMEN ARE SENT TO THE WORKHOUSE

Sallie Collins and Mary Carter, the two women who acted indecently in the hills north of Kinney lane Wednesday afternoon, were fined \$25 and costs each and sentenced to 90 days in the Cincinnati workhouse, in police court Thursday morning.

Oscar, better known as "Dutch" Heid, an 18-year-old youth, who was caught in company of the women was let off with a \$10 fine but warned that his very next appearance in court would mean a workhouse trip. Heid and Earl Kibble and the women had had a drunken carousal which wound up in a fight during which all three were said to have turned against the Collins woman, tearing her clothes from her and dragging her over the hillside, she screaming until residents of that locality feared that she was being murdered. A police squad responded to a hurry call and rounded up the trio Kibble succeeding in making his escape. The Collins woman's hair was disheveled, and she was bleeding from cuts and bruises on the face. The two women had recently been banished from the city. Heid admitted having had a pint of whiskey which he claimed to have purchased from a colored man. He denied statements attributed to his mother that the Collins woman was in a habit of furnishing liquor to him and forcing her attentions upon him.

## De Lotell Is Fined

Albert De Lotell pleaded guilty to a disorderly charge and was fined \$10. Miss Lela Dougherty, who had accused him of making an attack upon her and of taking some toilet and make-up sets from her room, failed to appear against him they having patched up their differences Wednesday night.

## Bike Thieves Sentenced

John Wilbert, Ed Greenslate, Clifford Little and Ed Bowman, East End youths, were fined \$25 and costs each for bicycle stealing. Wilbert and Bowman paid out and the other two will be taken to the workhouse unless they succeed in raising their fines. Chief McNulty will intercede for young Little as he has found evidence that the others forced him to accompany them on their "raid" by threats.

## Gin Toter Is Soaked

William Duggler, a negro, was fined \$200 and costs for gun-toting and ordered sent to the workhouse in default of same.

The case of Arthur Crenshaw, who is accused of threatening and annoying Mrs. L. Valentine was given a partial hearing and then continued until Friday. It appeared to be nothing more than neighborhood row and the court at one time was moved to remark that it might be best for all to adjourn to some shade tree and settle it believing the women could so better than himself and cautioned the men to restrain themselves and keep out of the mix-up.

The terrace of ten beautiful lots upon the square north of and facing south towards the new Lincoln school, Sunnyside, have just been subdivided and are now for sale.

## MAKES DRY SCIENTIFIC FACTS PALATABLE

ALBERT EDWARD WIGGAM.

THE MAN who can make the dry facts of science palatable, and who can so present these great vital truths, which are pregnant with hope for the coming generations, as to give them lodgment in the brains and hearts of the people is doing the world a mighty service. Such a service is being rendered by Albert Edward Wiggam, whose lectures on scientific subjects are among the most noteworthy contributions of the American Lyceum to the well being of our people. He will give one of these lectures this evening. These lectures are the culmination of ten years of earnest labor and intricate research.

They embody the latest discoveries of science in the great fields of heredity and eugenics. Mr. Wiggam is considered by biologists as the spokesman of the eugenic movement in this country, and his address on the subject have been syndicated and given country-wide circulation. Wiggam was a great humorous lecturer before his researching had carried him to the point where he felt qualified to speak on the scientific subjects with which his later work has been identified, and his addresses are aptly and witty to a marked degree, being intensely interesting, instructive and entertaining.

Wiggam will give an illustrated lecture at the High School Friday evening at eight o'clock.

## HEREDITY AND HUMAN PROGRESS

More interest is being manifested over the coming lecture on "Heredity and Human Progress" by the great scientist, Mr. Albert E. Wiggam, than over any lecture given in Portsmouth recently.

In dealing with this great problem, Mr. Wiggam must necessarily touch on the subjects of eugenics and environment; however, eugenics has little or nothing to do with sex hygiene, and the lecturer keeps entirely away from this subject.

Mr. Wiggam carries the best of lantern slides and an expert assistant, so the public is assured of everything being satisfactory.

This number, the last of this year's High School Lecture Course, will begin promptly at 8 o'clock on Friday evening, April 9th. Single admission 50 cents.

## NOT INTERESTED IN ANNIVERSARY

Rev. John W. Dunning has reported to the mayor that he has consulted with the various ministers relative to observing the anniversary of the San Francisco fire and that they seem to think that Portsmouth's distance from that city and other pressing interests make it impractical to give over the Sunday services to the cause. They have, however, agreed to make special mention of the day.

# Warm Fight Is Waged Over Incorporation Of Sciotoville

Much interest is being shown in the election to be held in Sciotoville Friday, April 9, to settle whether that village will incorporate. Both sides are working hard and both claim victory. The anti-say they will win 2 to 1 and those favoring the incorporation of the village insist that a vigorous campaign, just about to close, leads them to make the assertion that they will win 2 to 1.

When two men, who are lined up with the liquor traffic in this city, appeared on Main street in Sciotoville Wednesday and began looking at this and that piece of property a report quickly spread that if the village voted to incorporate that it would have a saloon and possibly two. The liberal element, favoring the incorporation claim this was a coup put over on them by the anti-say the voters who favor the incorporation, but are opposed to having a saloon open in the village which has been saloonless for 25 years.

The anti-say, according to stories emanating from the storm center are laughing up their sleeve about the alleged coup and insist they did not have anything to do with the appearance of the liquor men in the village while those in favor of the incorporation say it was a smooth trick of the anti-say. Arguments pro and con have been advanced in the campaign, which has been waxing warm all week. Little or nothing else is being discussed in Sciotoville. The anti-say and those in favor of the incorporation have marshaled their forces for a real fight on election day Friday, April 9.

According to a story that reached the city Thursday a few persons openly have admitted they were against the incorporation because the boundary lines did not extend far enough to permit outside plants located in Sciotoville. From present indications a very heavy vote will be cast in the special election tomorrow.

## A Portsmouth Interview

Mr. Drennan Tells His Experience

The following brief account of an interview with a Portsmouth man 8 years ago, and its sequel, will be read with keen interest by every citizen.

Walter Drennan, 1012 Windlay St., Portsmouth, says: "I had constant pains in my back and joints, chills and dizzy spells. The action of my kidneys was irregular. I was so bad that I was down in bed for about two months. I doctored and used many kidney remedies, but nothing helped me. Finally, I began taking Doan's Kidney Pills and in a very short time, I was entirely cured."

(Statement given November 22nd, 1906.)

OVER SEVEN YEARS LATER, Mr. Drennan said: "Doan's Kidney Pills cured me of a bad case of kidney trouble and that cure has been permanent. I have advised scores of people who have been suffering from kidney trouble to try Doan's Kidney Pills."

# May Break Up Canal System

Columbus, April 8.—Breaking up of the state canal system piece-meal is seen in the recommendation by the house committee on public works of the Chester and Graham bills. The first does away with the Miami and Erie canal between Middletown and Defiance and takes in the feeder and hydraulic arm into the city of Dayton.

The second abandons the canal between Buckeye lake and the city of Newark. The pieces to be disposed of are immensely valuable for railway and transportation interests. The bills contain the old and familiar requirement for a sale within 30 days after the formality of arranging for the disposal has been exercised.

# LACK OF STATE FUNDS MAY DELAY LOCAL WORK

Possibility of a delay in the matter of state aid for highway improvements in Scioto county was encountered Wednesday by Commissioners William Bennett and J. J. Spencer, who spent Wednesday afternoon in Columbus in consultation with Governor Willis, State Highway Superintendent Conran and other officials of the state department.

The two commissioners were accompanied by Judge John C. Miller, who acted as their spokesman. Lack of available state funds was given by the state officials as the cause of the sudden change of mind in the matter of road improvement for Scioto county. The local officials returned home after receiving but lukewarm encouragement at the hands of the state officials.

The work that may be effected includes three miles between Wheelersburg and Sciotoville, two miles of Mann's Run, and two miles on the West Side. The county commissioners put up \$30,000 on the condition that the state would pay two-thirds of that amount additional, or \$60,000.

The object of the visit of the local officials was to get the state department to award the contracts for the work immediately, so that work could be started this spring. The state officials, however, were not ready to let the contracts.

## Grippe A Robber of Strength and Flesh

Run Down, Underweight People Should Regain Lost Flesh and Strength at This Season

People who have gone through winter suffering a prostration of energy, colds, grippe, catarrhs or other ailments of all kinds, whether they probably be surprised if they climb on a weighing scale, to see how they have lost weight. Most everyone loses weight during the winter months, and this is due to the fact that the body is weakened and the system is out of order.

The best way to regain lost flesh and strength is through the use of a food that is rich in nutrients and contains all the elements necessary for the body to build up its strength and vitality.

# NEW BOSTON

The marriage of Clifford Cooper and Miss Charlotte Hurley Wednesday afternoon was not a surprise to their many friends as it had been reported several times recently that they had been secretly married. Chum is a son of O. D. Chum and clerk in his father's grocery where he was kept busy today receiving the congratulations of his numerous friends. The bride is one of New Boston's prettiest young maidens and made her home with her brother James Hurley of East Rhodes avenue. Her father, Jos. Hurley, Sr., lives at McDermott.

The happy couple will make their home with Mr. and Mrs. Hurley until they go to housekeeping which they will do as soon as they find a suitable location. The friends of the couple are planning a royal reception for them tonight.

Day's little sister, an orphan, is having her home on East Rhodes avenue repainted.

A family from Middletown, Ohio, moved into the Mayor J. S. Davis flats on Gallia pike Monday, paying a month's rent in advance. Three moving vans of packed household furnishings were moved. Tuesday the family moved out. Mayor Davis did not know the family had moved until someone inquired about the room being empty Thursday.

Martin Hall, health officer, attended the funeral of Benjamin Velez at Waits Station Thursday. Edward Zeck, steel worker, is having a small frame addition built to the rear of his cottage on east Rhodes avenue.

J. T. Stewart of 146 Gallia pike, who was taken suddenly ill Tuesday, is slowly convalescing.

The Willing Workers class of the Baptist church have changed their meetings from every Saturday to every other Saturday until the close of school.

The Excelsior Sewing club of the Baptist church will hold their regular meeting Saturday at the home of Miss Thekla Moore on Oak street.

The W. O. W. lodge will meet in regular session Thursday evening.

Mrs. Morris Bridwell, wife of Rev. Bridwell of the Baptist church, attended the funeral of Benjamin Velez at Waits Station Thursday.

Charles Dixon, chairman of the street committee of council, and Sam G. Harper, village engineer left Thursday for Cleveland where they will inspect paved streets in Cleveland and vicinity. ## MARRIAGE LICENSES

A marriage license was issued by Probate Judge Beatty Thursday morning to John G. A. Staker, 39, a railway postal clerk, of Franklin Furner, and Miss Anna E. Rees, 21, also of Franklin Furner. They stated in their application that Rev. Phogor, of Powellsville, would perform the ceremony.

Master Robert, a young son of Mr. and Mrs. Adolph Huth, Jr., of Gay street, was quite ill Wednesday.

# NOT A PAIN OR ACHE

You will feel so much better and younger! Your general health will improve! You will enjoy good nourishing food again! You try this standard stomach tonic, "The blood, muscles, tissues, brain, heart and lungs will get the nutriment they have been craving for. Your skin will clear up. Backache and rheumatic twinges will disappear."

In such cases reliable physicians recommend and use GOLD MEDAL MARIAM Oil Capsules. They are a standard world-wide remedy, prepared in Holland for over two hundred years by a special process, combining healing antiseptic oils with tissue-building herbs. This is a natural home remedy, which can be tried for very little cost. It is not a "patent medicine." Therefore, until you have tried them, the only way to tell the pure, original article, imported fresh every month, from Holland, is by buying GOLD MEDAL. There are counterfeits, but none other genuine. Your druggist can get GOLD MEDAL if you insist. They are carefully tested by United States Government chemists before being admitted into this country. Therefore be safe and refuse a cheap imitation, as they may be harmful. Imported only through the American Office of the Genuine Mariam Oil Mfg. Co., 194 Water St., New York City. 25c, 50c and \$1.00. Money refunded if they do not help you.

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, ailments, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, O. Office Phone 60. Residence A-690.

Dear Miss Wise.—How many miles to Columbus, and to Willson, Ohio, and what will it cost to take me to both places?

READY TO FLY.  
It's about 100 miles to Columbus. The railroad fare is \$2.00. I have never heard of Willson. If you mean Wellston, it is 50 miles away and costs \$1.05 to get there via the B. & O.

Dear Dolly.—I am about 23 years old and have fell in love with a young man on Gallia Street but some how, I never could make it convenient to get to talk to him but I am deeply in love with him I don't know whether he cares for me or not but I love him. Just the same he is a man that looks to be about 24 or 25 years old.  
Roses are red  
And cherries are sweet  
And so are you.

WORRIED GIRL.  
Is the little verse meant for me or the man on Gallia street?

Dear Dolly Wise.—Is it right to go to a party at 12 o'clock? What kind of dress would be nice to wear at a party? How is my writing and spelling?

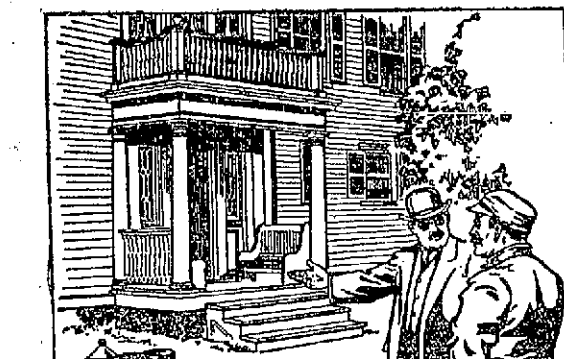

BROWN EYES.  
If you mean at noon it is all right, but not at midnight. It doesn't make any difference what kind of a dress you wear to a party in the day time. If you have a what little girls call their "Sunday dress", wear that, if you haven't any, then your school dress will do. Good.

Dear Dolly.—At a wedding breakfast how should the guests enter the dining room? Should the immediate family go first, or should they see that the guests are properly seated before they find their places?

WANT TO KNOW.  
The bride and bridegroom lead the way to the dining room, followed by the bride's father with the groom's mother. The bridegroom's father comes next with some member of the bride's family. Then come the best man and the maid of honor and the other members of the bridal party. The last to enter the dining room is the mother of the bride, acting as hostess of the occasion. She and the officiating clergyman come in together. The bridal party sit together at one table and the other guests find places where they choose, as place cards are not used to designate seats for the invited guests.

Dear Dolly.—My hands are always cold and clammy. What can I do for them?

SUBSCRIBER.  
A good remedy for clammy,

It looks Nice—  
Yes—But How Long  
Will It Stay That Way?

THAT'S the point—how long will it stay that way? All paint looks practically the same after it's put on a house—but the real test of quality comes in the period of wear, and the appearance while wearing. LAWRENCE HOUSE PAINTS come ready mixed in the purest Linseed Oil—that's why they last far longer and hold their brightness better than other paints.

are very economical.

They not only appear well when placed upon a house, but the pure Linseed Oil from which they are made offers a perfect protection from the elements and prevents your property from looking "run down". They cost the same as other paints—but there's extra value in every gallon. If you simply mention the brand "LAWRENCE" to the painting contractor who undertakes your work, you'll not be troubled with another painting problem for a long time.

—we guarantee it.

Come in and we'll show you why Lawrence House Paints are above the average in quality.

Dear Dolly.—I am awfully stout and I would sure like to reduce a little before the hot weather sets in. I suffer so with the heat. People tell me I get crazy with the heat. I want to avoid that this summer. Would like to lose 20 or 25 pounds before the Fourth. How can I?

WHITE HOPE.  
Swimming is one of the best reducing exercises I know of. You might take a cold plunge in the Ohio river and then swim to New Boston and back every day for a month. Or you might also write and ask Jess Willard what he did to reduce.

Dear Dolly.—What would you do if you lived out in the country where it was real lonesome and there was nothing to do after night? We aren't near enough to neighbors to visit them. I work all day and don't notice it much, but when night comes it's awful to sit around with nothing to do until bedtime.

COUNTRY LASSIE.  
You won't get lonesome if you read. If I had a good book or magazine I wouldn't get lonesome anywhere. If there are several more at home like you, I should think you could have a lovely time all by your lonesome. Just have a little party or something else every night. You can have music, play games, make candy, pop corn, play school, have spelling bees, sew carpet rags, have a quilting bee or some other kind of a bee, but be careful you don't get along.

Have I Been Fooled?—It was a mistake. She is his sister, instead of his widow, so you haven't been fooled.

## SOCIETY

Mrs. Harry W. Miller and Miss Margaret Miller gave a beautiful tea this afternoon at Miss Miller's home on Sixth street complimentary to Miss Bell Dupre, of New Orleans, guest of Mrs. Harry Miller. The large parlors were made attractive with lovely spring flowers and smiles. Master Ward Miller greeted the guests at the door. In the receiving line were Mrs. Miller, Miss Dupre, and Miss Miller. A large number of handsomely gowned women called during the hours from three until six o'clock.

## GOLD DUST

—it actually works at  
hundreds of tasks daily

"Let the Gold Dust Twins do your work" is much more than a popular phrase. It is based on truth, an actuality, for Gold Dust really works.

"Let the GOLD DUST TWINS do your work"

The millions of women who use it for dishwashing and scrubbing know this. But Gold Dust should be used for cleaning and brightening everything. It is the only washing and cleaning powder needed in any home.

The small quantity required is quickly taken up by hot or cold hard or soft water—forming a perfect cleaning solution. The valuable antiseptic cleansing agent it contains helps to make things sanitariously clean, as well as bright and new-looking.

Try "GETS-IT," It's Magic for Corns!

New, Simple, Common-Sense Way

You will never know how really easy it is to get rid of a corn, until you have tried "GETS-IT." Nothing like it has ever been produced. It takes less time to apply it than it does to read this.

Kajril Corn-pain in Every Nerve Use "GETS-IT" It "Gets" Every Corn Surely, Quickly!

will discomfort you, especially if you have tried everything else for corns. Two drops applied in a few seconds—that's all. The corn shrivels, then comes right off, painlessly, without fussing or trouble. If you have ever made a fat bundle out of your toes with bandages, used thick, corn-grinding, corn-quilling salvers, corn-teasing plasters—well, you'll appreciate the difference when you use "GETS-IT." Your corn-agonies will vanish. Cutting and gouging with knives, razors, files and scissors, and the danger of blood-poison are done away with. Try "GETS-IT" tonight for any corn, callus, wart or bunion. Never fails.

# Council Approves Abandonment Of The Kendall Avenue Crossing; Big Bond Issue For Paving

Further controversy over the proposed railroad crossing in the East End was obviated, for the present at least, when the city council, in regular session Wednesday evening passed the resolution declaring its intention not to interfere with the discontinuance of a portion of the Kendall avenue crossing by the railroad company after the overhead crossing is constructed and open for public travel at Young street.

The resolution was passed at its first reading under a suspension of the rules, Mr. Westphal, Democrat, from the Third ward, alone dissenting.

Opposition to the resolution developed in the form of a two page letter from the mayor and the objections of four property owners living in the vicinity of Kendall avenue, who were present, accompanied by their attorney, Edgar Miller.

The mayor, in his letter, suggested the abandonment of both the Kendall avenue subway and overhead crossing propositions and the construction of a crossing on Gallia street between Clay and Hutchins streets. He claimed that all sections of the city south of the N. & W. tracks, east of Lawson street to river, must ultimately be given over to public service corporations, which will eventually exclude residents from that section. Also, that the crossing at Young street would convey the traffic in practically the same zone as the Kendall avenue crossing, while a crossing over Gallia street would serve the greatest number. In conclusion he urged the abandonment of all grade crossings in the city, especially the Offner street crossing.

**Protest Abandonment Of Kendall Crossing**  
Kendall avenue property owners, with Oscar Fields and Joseph Fields as chief spokesmen, argued against the resolution on the ground that the abandonment of Kendall avenue crossing would work a great hardship on the home owners in that section. Their arguments were similar to those that they have presented ever since the overhead project was first launched.

Their attorney, Edgar Miller, spoke against the resolution on the ground that it was a desecration by city council of citizens who were opposed to it, and that it gave the railroad company an advantage that would make it all the harder for the same property owners to fight for their rights in the courts. He disagreed with some of the members of council, who maintained that the resolution was meaningless, and contended that the railroad company placed a high value on it, to wit, construction of the overhead crossing depended on whether or not the city council would pass the resolution.

Fully an hour was consumed in arguing pro and con on the proposition. J. E. Shump, chairman of the railroad and telegraph committee, introduced the resolution, and spoke in favor of it. Mr. Westphal opposed it for the reason that he did not have the assurance that property owners would be compensated for damages incurred, and banded Mr. Gulker for his change of heart in the matter. Mr. Gulker claimed that the addition of the second paragraph of the resolution, relieving the city from responsibility for damages, removed his objection.

**Only One Vote In Opposition**  
Every member except Mr. Westphal voted in favor of the resolution.

The resolution was published in full in last Friday's Times, and provides that the city will not interfere with the abandonment of that portion of the Kendall avenue crossing which has never been dedicated to the city.

The railroad company is given thirty days in which to accept the terms and conditions of the resolution.

**Annual Budget Is Submitted**  
The mayor submitted the annual budget for approval, which

provides for the following expenditures for the coming year:

General Fund	\$21,445.00
Safety Fund	65,105.00
Health	6,900.00
Service Fund	69,299.00
Hospital Fund	16,175.00
Library Fund	5,000.00
Total	\$183,915.00

Water Works	\$46,180.00
Cemetery	5,630.00
Total	\$51,810.00

Resolutions of necessity, providing for the improvement of the following streets, were passed at their first reading, under a suspension of the rules, after the service director had submitted estimates of the cost thereof:

Mahert Road, from Gallia street to the north corporation line, 1550 feet, engineer's estimate, \$11,425.00, city's share, \$2948.50.

Walnut street, Norfolk street to east corporation line, 2090 feet, engineer's estimate, \$16,856.50, city's share including street railway company's, \$5546.03.

Norfolk street, from Gallia to Walnut, 290 feet, engineer's estimate, \$2306.50, city's share, including street railway company's, \$811.12.

Harvard Place, from Gallia street to Patterson's alley, 550 feet, engineer's estimate, \$2196.25, city's share, \$270.17.

Park avenue, from Robinson to Grant, 635 feet, engineer's estimate, \$6651.50, city's share, \$549.53.

Gay street, from Eleventh to Thirteenth, engineer's estimate, \$4113.75, city's share, \$466.73.

**Bonds To Be Issued For Street Improvement**

The above streets will be improved during the coming spring and summer season. An ordinance providing for an issue of bonds to the amount of \$10,000 to pay the city's share of the entire cost, was passed at its first reading under a suspension of the rules.

The clerk did not read the estimate on the cost of the improvement of the old Chillicothe Road between Grant and Seventeenth street, because council is not ready to pass upon the question of improvement.

Resolutions, issuing certificates of indebtedness in anticipation of the collection of special assessments on the improvements of the following streets, in the following amounts were passed at their first reading: Kinney's Lane, \$25,000; Twenty-First, \$6,000; Campbell avenue, \$9,000.

Service Director Gergens also presented two estimates on the cost of making needed repairs at Third and Chillicothe streets, as follows: temporary repairs, \$592.00; permanent repairs, \$1,900.00. He advocated the latter if the money was available, and the matter was referred to the Board of Control for recommendation.

**What Became of That \$325**  
City Solicitor McCall will give council a written opinion at the next meeting setting forth the responsibility of the street railway company in the above improvement. In this connection Mr. Westphal wanted to know why Second and Ninth streets could not be improved between the street car tracks, as he claimed that both streets were in a fearful condition.

Mr. Westphal also urged the repair of Findlay street, north of Ninth, along the route of the Hill-top car line. Director Gergens advised that there was no money to pay for the improvement. Mr. Westphal wanted to know what became of the \$325 derived from the franchise grant, but the proceedings resumed without an answer to the question.

Two bills, for work performed, were presented by the service director with the information that there was no money with which to pay them. One was from S. Monroe and Sons, for paving Sunny-side Alley, \$187.55; the other, paying alley near Tenth and Offner street, Kups Brothers, \$99.95. The bills will be held until the money is available.

An ordinance providing for the installation of water service in the Rosemary Addition, owned by Cecil S. Miller, passed at its first reading under a suspension of the rules. The engineer's estimate on the work is \$1377.65.

Mr. Gulker also recommended the passage of legislation providing for grading the bank in front of the property of Herman Herms on Kinney's Lane, entailing an estimated cost of \$250, in return for concessions granted by Mr. Herms when the street was improved. The ordinance will likely pass.

**Paid Law Will Damages To Auto**

Chairman Schwanek, of the law and claims committee, presented an ordinance, appropriating \$55 as damages to be paid Ira Law will for expenses incurred in repairing an automobile damages by running into an open ditch on north Chillicothe street last summer, which passed unanimously at its first reading.

Chairman Moeller of the light and water committee, presented a resolution empowering the city to enter into a contract with the N. & W. railroad company to lease a portion of its right-of-way near the new water works to lay water pipes, which also passed under a suspension of the rules. A nominal rental of \$1 a year is stipulated.

Upon its third reading an ordinance accepting the plat of the Buch and Snyder addition in East Portsmouth was passed.

**East Approval Of Probe Bills**

Member Wilson of the finance committee, reported that the committee desired the approval of the city solicitor and the law and claims committee of the bills incurred during the recent probe of the safety and hospital departments before they were recommended for payment. The bills were referred to those officials for approval.

City Auditor George Gableman read the schedule of expenses for March, which totalled \$537.50. This amount included the members' salaries for March and legal advertising amounting to \$441.20. City Solicitor McCall reported the dismissal of the suit of the N. & W. railroad company against the City of Portsmouth and the Nicola Building company, which was compromised about two weeks ago.

The following written and verbal petitions were presented: Miscellaneous Petitions  
By Member Schwanek, representing property owners protesting against the appearance of the lot in the rear of the city buildings. Referred to service department.

By Mr. Moeller, written petition of Messrs. Turley and Jordan for the installation of water service in Tidewild Addition east of Portsmouth on a rental basis until territory is annexed to city. Referred to board of control.

By the clerk, petition for a sanitary sewer on Fifth street, signed by W. H. Williams, O. P. Nourse, and others. Referred to street committee.

By the clerk, petition for sewer in alley between Tenth and Eleventh and John and Waller streets, by Theodore Pierson and others. Referred to street committee.

By the clerk, petition for sewer in alley bounded by Offner, Lincoln, Ninth and Tenth streets, signed by G. H. Heinisch and others. Referred to street committee.

Judge Thomas objected to the assessment on \$873.74 on his property in the East End for paving improvements, claiming that it exceeded maximum amount allowed by law, and asked for a readjustment. Referred to the law and claims committee.

Before council adjourned the mayor addressed council relative to his recent visit to the State Board of Health on the city sewage proposition, and advanced considerable information that should prove of value to the members of council when the sewage matter is taken up in the future. All members of council were present, with President Pro Tem. Osborn in the chair. The mayor and the heads of the different municipal departments were also present.

**Attended Funeral.**  
Police Clerk Dennis Corieil attended the funeral of his uncle, Benjamin Yaley, at Wait's Station, Thursday.

**Break Ground.**  
Contractors S. Monroe & Son Thursday broke ground on the first street that will be paved in the new Idlewild addition. The work is to be pushed with all possible speed.

# CROSS, FEVERISH, SICK CHILDREN NEED "CALIFORNIA SYRUP OF FIGS"

Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has sour stomach, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills. Give a teaspoonful and in just a few hours all the foul waste, sour bile and fermenting food, clogged in the bowels, passes out of the system and you have a well and playful child again. All children love this harmless fruit laxative and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on each bottle. Mother, keep it handy in your home. A little given today saves a sick child tomorrow, but be sure and ask for the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs." Then look and see that it is made by the "California Fig Syrup Company." We make no cheaper size. Don't be fooled.

## Expert Billiardist Gave Exhibition

Before a splendid audience last night J. T. Malone, expert pocket billiardist of the world, gave an interesting exhibition of trick and fancy shots at the Play House, giving concrete evidence that he is still one of the cue wizards of the country. Some of the shots that he made with ease, brought down the audience.

He first gave an exhibition of fancy shots on the pocket billiard table and then switched to straight billiards where he amazed the spectators with his craftiness. He showed how it was possible to make a certain billiard in five different ways. He is graceful and without a most gentlemanly fellow. When he concluded his fancy shooting, Mr. Malone challenged any two billiardists for a fifty point match, the same being accepted by Messrs Ralph Mansfield and F. W. Sheridan. Mr. Malone agreed to play both live billiards, while Messrs. Mansfield and Sheridan were allowed to follow the open game. The expert was defeated 50 to 10. At one time he had quite a lead but safety shots prevented him from gathering the balls and the local men soon overhauled him. Mr. Malone left for Ashland, Ky. where he will give an exhibition. He is still suffering from a cracked rib he received as the result of a fall at Paris, Ky. a few days ago. In hurrying to catch a train he fell down the steps of the only hotel in the city.

## OHIO STATE LEAGUE STARS TO SHOW

Lexington, April 8.—A galaxy of old Ohio State League stars will appear Friday afternoon at League Park when the Cleveland American League and the Association teams match their strength for the first time this season. In addition to the Ohio State League boys there will be Joe Jackson, the fastest outfielder of a dozen teams and second only to Ty Cobb in the American League; Joe Birmingham, the manager; Third Baseman Turner, one of the best men in baseball, and a sensation when he broke into the game with Toledo when they did their spring training at League Park.

The Spiders, the Association team, will arrive here from Chattanooga, where they play the day previous, and will be closely followed by the Indians, the successors of the Cubs of last year, who expired with the loss of Napoleon Lajoie. The men are reported to be eager to get at each other, and prove to the Cleveland fans their worth.

Among the Ohio State League men who will appear in the spangles at the park are Paul Carter, an times pitcher with the Portsmouth and Mayville teams; William Southworth, an outfielder, with Portsmouth in 1913; Billy Nixon, also in baseball, and an infielder, who formerly with Ironton, an infielder, who the dope says is pounding the leather to all corners of the lot this year, and pitcher Dillinger, according to reports from southern training camps, better than ever.

## MUCH ACTIVITY UP AT CHILLY

Chillicothe, April 8.—The local baseball management is making arrangements for the repair of the ball park this week. Work will be commenced by the carpenters on the fences, which need repair, at once. The diamond will be dug up and rolled down, placing it in first class condition. The low place near the visiting players' bench will be filled up so that it will weather a hard puddle will not be formed. The holes in the outfield will also be filled up and put in first class condition for the opening game. Considerable painting will be done at the park and everything will be shining bright for the opening.

At present there are sixteen players under contract, among them being some of the best minor league players in the country. A lot of promising youngsters are being signed and Chillicothe will give a young, ambitious team that will be on the field fighting every minute. This is the aim of every team in the league. Manager Devore hopes to get a string of young men who will be eligible for higher leagues next year or in the near future and who may be turned into cash at the end of the season.

## What Sir Tyrus Says

Cincinnati fans, who have glimpsed Tyrus Cobb, claim that he looks to be in fine shape this spring and no doubt will again be the star of the American league. Cobb says he will steal 50 bases this season.

## SWEENEY PASSING

Bill Sweeney, ex-Boston Brave, ex-Cub and now ex-Red Sox player, has been officially announced by the promoters. They are still counting on the returns, but they estimate that the final figure will show that at least \$100,000 was taken in.

Jack Curley stated that the approximate cost of promoting the battle was \$75,000. It was expected that more Cubans would buy tickets at the last minute, and their failure to do so was the source of much disappointment on the part of the promoters.

In all the long history of pugilism it is doubtful whether there ever has been as popular a champion as Jess Willard. Willard is being acclaimed the conquering hero.

"I have fought my last battle against a negro. I have drawn the color line and will not falter in my decision. I made up my mind before fighting Johnson that I would ever meet in the ring. If a negro ever succeeds in regaining possession of the heavyweight title, it will be from someone who follows me as the holder," says Willard before leaving here.

## BOHANNON MANAGER

Frankfort, Ky., April 8.—Permanent organization of the Frankfort baseball club was effective today. The officers elected are: C. W. Hay, president; Roger Burlingame, vice president; Mon Urding, secretary; Fritz Hoffman, treasurer and Pat Bohannon, manager. The date for players to report was fixed at April 20. Governor will pitch the first ball.

## Johnson Won In 25 Rounds

Havana, April 8.—If I had been compelled to give a decision at the end of the twenty-fifth round, it would have been Johnson's by a wide margin. Up to the twentieth round Willard had won only one round by a real margin and two or three others by the slightest shade. In the thirteenth and fourteenth rounds, however, Johnson showed that his jaw and body were too tough. Johnson put up a wonderful fight in the twentieth round, but age stepped in and defeated him.

## BIG FIGHT WAS FINANCIAL SUCCESS

Havana, April 8.—That the Johnson-Willard fight was a financial success has been officially announced by the promoters. They are still counting on the returns, but they estimate that the final figure will show that at least \$100,000 was taken in.

Jack Curley stated that the approximate cost of promoting the battle was \$75,000. It was expected that more Cubans would buy tickets at the last minute, and their failure to do so was the source of much disappointment on the part of the promoters.

In all the long history of pugilism it is doubtful whether there ever has been as popular a champion as Jess Willard. Willard is being acclaimed the conquering hero.

If a negro ever succeeds in regaining possession of the heavyweight title, it will be from someone who follows me as the holder," says Willard before leaving here.

## SERIES OPENS SATURDAY

Twenty-eight strong and headed by Billy Southworth and Billy Nixon the Cleveland Beards will arrive here Saturday and will play a series of three games in Millbrook with the Portsmouth team. These games will not be practical affairs and should be well attended. The Beards have trained in the south and the fans can rest assured that they will see some real baseball during this series.

## Yes, Just About

A wild rumor was current in Chicago Wednesday that Joe Tinker was about to return to organized baseball and would probably join some American league team. About as much truth in that as there would be in a report that the Prinz Eitel Friedrich was seen steaming up the Scloto river. Just about as much.

## HERE IS OFFER NUMBER 1

A New York promoter has offered Champion Willard \$10,000 to stage a ten round fight in New York with Gus Goetz. Willard said he would give his answer after he had picked up more than this sum in the vanderville field.

## Smith Wants Local Pitcher

Hubert Thurman better known as "Testy" high school football player and star basketball player who is in training with Billy Doyle's rookies was offered a fancy contract by Manager Dick Smith of the fronton club several days ago when the fronton manager was here in look over Doyle's youngsters.

Thurman was given a tryout with Mayville last season. Thurman has not decided to quit school and will weigh the matter carefully till Saturday when he will give Smith an answer. Smith is said to have assured him of a regular berth.

## Signs For Three Years

Oh yes, the Federal league has hurt big league salaries. Bob Bescher, who signed a three year's contract with the St. Louis Cardinals Wednesday will only haul down \$5,000 each year. In Red-land Bescher is said to have received \$3,800 a year.

## Guyn Has Confidence

The Lexington team has 15 players under contract. Manager Howard Guyn is going to recruit a team this year and expects to have a first division club in the old Ohio State league this year.

## Says Burns Is Real Star

Manager Muggsy McGraw says that George Burns of the Giants will be the real star of the National league this season. Burns has hit about .350 in the spring games.

## Get Work Out

Dick Smith and "Boggs" Campbell were out on the Beechwood lot Wednesday heaving the old horsehide about and wearing the tinks out of their joints. The players will report about Saturday and as they have been instructed to start training at their homes a short time ago, they should be ready to get down to work the minute they arrive—and there's a great deal of work ahead of them too, with a game to be played, more than likely next Sunday afternoon.

## JOHNSON IS TRUE SPORT

One thing can be said of Jack Johnson, he is a true sport. He wished Willard good luck on the eve of his leaving Havana, the scene of his great victory and the Big Smoke meant every word he said. He realized that the procession has passed him so the next best thing to do is to wish the man who beat him all the luck in the world. And Johnson did this very thing.

## 24 RECRUITS IN SQUAD

Prof. Billy Doyle's training school is now well under way with 24 recruits working out at the two sessions held daily.

"Most of the boys look pretty good and I am going to have a real job separating the wheat from the chaff," Doyle said last night. "I have turned back several and expect to keep reducing the squad until it is composed of bell players, who look like they are ripe for a berth in a fast minor league."

## Favors Boxing

Chicago, April 8.—William Hale Thompson, mayor-elect of Chicago, favors boxing for Chicago and Illinois. If the sport is properly controlled and regulated, he asserted today.

He indicated, however, that he intends to leave the question of whether this city is to have the glove sport with the state legislators. A bill to legalize the sport has been introduced at Springfield.

## 2,805 Is The High Score

New York, April 8.—Sixty five men teams from this city and vicinity will occupy the alleys in the National Bowling association's championship tournament tonight in an effort to beat the high score of the tournament, 2535 set by the Canadians of Montreal, in the first day's bowling. Up to today the Canadians headed the list for five men teams. No doubles or singles are on tonight's program. J. B. Pellier of Montreal headed the individual list with a score of 602 and Gattarnich and La Belle of Montreal topped the list of two men teams with a score of 1172.

## To Celebrate Hulswitt Day

Columbus fans have made great preparations for "Hulswitt" day, which is to be celebrated in that city. Hulswitt is a former big leaguer and has hundreds of friends in the Capital City. He will manage the Columbus A. A. team this year.

## TRAP SHOOTERS

New York, April 8.—Trap shooters from all over the United States will gather here on April 30 to attend the tenth annual amateur championship of America at clay birds.

## DIVING CONTESTS

New York, April 8.—Nine fancy divers, eight of them present, or former holders of Inter Collegiate, district, national or foreign championships, are entered for the American indoor diving championship under the direction of the Amateur Athletic union in the pool of the New York athletic club tonight.

## MARCH WAS A MOST EXTRAORDINARY MONTH IN AN ATMOSPHERICAL WAY

Washington, April 8.—March was an extraordinary month this year, from a weather standpoint, according to the official weather and crop bulletin, issued today by the Weather Bureau. Not since extensive weather records began, more than 40 years ago, has the weather over the southeastern portions of the country been so continuously cold, says the bulletin, and in portions of New England and other Northeastern states the monthly precipitation was the least ever known for March.

In some cases, as at Boston, with a record extending back nearly 100 years, the precipitation during March was the least for any month of the entire period.

As affecting crop conditions, March was on the whole unfavorable to the winter grain belt cold weather delayed growth. West of the Mississippi the crop is more satisfactory, while in the far West it is reported in good condition.

Generally fair weather over much of the corn belt permitted an unusual amount of plowing and preparation for planting, and some has been planted in the more southern portions of the corn-growing districts.

In the South early fruit has been injured to some extent, but on the whole the outlook is considered favorable, especially in California and other portions of the far West.

Cattle and sheep in the West are reported as having come through the winter in good condition.

## PLAY IS POSTPONED

The graduation and commencement exercises and the class play of the Senior class of the South Webster High school have been called off on account of the smallpox epidemic at Hales Creek and vicinity of South Webster. The play and exercises were to have taken place on May 1st.

"Miss Neplene" was the play to be given under the instructions of Miss Katharine Dawson, of this city, and the students are very disappointed over the cancellation of the play, as they have been practicing for sometime. The class met several days ago and chose light blue and gold as the class colors. Their motto is "Altus, Altior, Altissimus" (High, Higher, Highest).

## IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Sals to flush out kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night.

When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick-person shortly.

At first you feel a dull misery in the loins region, you suffer from backache, sick headache, dizziness, stomach pain, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act normally. This famous, harmless, lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Use it from sun-up till supper's settled; you'll appreciate what a wonderful, old honest tobacco FIVE BROTHERS is—just the pure Southern Kentucky leaf, aged from three to five years so as to bring out all its natural richness, sweetness and mellowness.

## FIVE BROTHERS Pipe Smoking Tobacco

is the ideal tobacco for vigorous men, because especially designed to please the robust, sturdy fellows who want a natural tobacco with "body" enough to it to satisfy real tobacco-hunger.

FIVE BROTHERS is a man's size tobacco—not a "flat," insipid mixture. It has plenty of snap and taste, and is as satisfying as a square meal.

Give FIVE BROTHERS a week's trial as general, all-round helper. The longer you smoke and chew FIVE BROTHERS the better you'll like it. You'll end up by keeping FIVE BROTHERS on the job all year 'round.

FIVE BROTHERS is sold everywhere—get a package today.

## GAVE MAN SOUP BATH; GETS RIDE AND A FINE

Geo. Pierron's fine new Haynes touring car was pressed into service by the police in making arrests Thursday afternoon. Ed Nichols was gathered in for throwing soup all over a Tenth street restaurant and otherwise acting disorderly.

He was promptly fined \$5 and then released with orders to "beat it" to his home in Morehead, Ky. The Pierron car also got Joe E. Stampfer who was lying in a helpless heap at the head of New Sixth street. The man was locked up on a charge of drunkenness.

## Hope To Secure \$2,000 From U. S.

Mrs. Joel Reynolds, of Sciotoville, expects to secure \$2,000 within a short time from the United States government. Her father Milburn Powers served four years in the Civil war, and during that time never drew a cent of money for his services. He was wounded in one of the battles and shortly after leaving the service died. A son, Louis Powers, of Jackson, will likely get the same amount as Mrs. Reynolds. Attorney Newman of Jackson has been employed by Louis Powers to look up the matter and Newman has figured that about \$4,000 is due the two children. Mrs. Reynolds and Louis Powers were supposed to have been paid by the government, until they were 16 years of age and the money which they never received, the wages due their father and the interest on the amount will amount to about \$4000. Milburn Powers died when Mrs. Reynolds was but four years of age. The widow married again, which leaves her out of the money, her share going to the children.

## MOTHER IN BAD SHAPE

Joe Davis, who just opened a new shoe repair plant in the Nash property on Second street, returned Thursday from the bedside of his mother, Mrs. Pruday Ellen Davis, aged 70 years, who was seriously injured when an automobile struck her a few days ago. Mrs. Davis was removed from the city hospital to the home of her daughter, Mrs. Ida Gleaser, Monday. Her right arm was fractured and her skull was badly injured. The automobile was driven by Albert Gerhardt, of Ludlow, Ky., and the accident occurred at Eighth and Central avenue. Gerhardt told the police he struck the woman in trying to avoid a collision with another automobile.

## Asks For Divorce

Alleging in her petition that her husband was guilty of extreme cruelty toward her and that he called her vile names, Mrs. Vina Farley, through a petition filed in common pleas court Thursday by Attorney Blair and Kimble, seeks a divorce from her husband, Allen Farley. The couple was married December 12, 1912, and have one child, Gilberta. Mrs. Farley also asks for alimony and custody of her child in the divorce petition.

## JAILED FOR CONTEMPT

For refusal to answer questions put to him before Harry Ball, notary public, Thursday morning, Robert Mitchell, of this city, was lodged in the county jail for contempt. Mitchell is the husband of Mayma Mitchell, who is suing Bird Garcho, local saloonist, for \$5,000 damages for alleged selling intoxicating liquor to her husband after she had served notice on him not to do so. Mitchell was summoned before the notary by Attorney Blair and Kimble, who desired to take his deposition. He first refused to appear, and later, when brought in by an officer, refused to answer any of the questions put to him.

## CAUGHT BIG CRANE

Word comes from Lower Nile township that James Hemphill captured a blue crane Wednesday that measured 6 ft. from tip to tip and with a neck 3 1/4 ft. long.

Mr. Hemphill was just coming out of his house on Upper Twin creek when attracted to the bird rising to fly. Securing his rifle he fired and struck the crane on the wing, crippling it. With the aid of farm hands he then captured the strange bird which is said to be an unusually fine specimen. As Jim is superintendent of the McKendree Sunday school his story can not be questioned.

Mrs. Edward Phillips, of Front street, is seriously ill with erysipelas.

## TERMINALS

James M. Pugh, 50 years of age of 1526 Poplar street, had his left leg badly bruised and strained and his left shoulder strained Wednesday morning while setting off cars at the east end of Hanging Rock. He was head brackman on extra freight 768 east-bound, and was trying to raise the lever to uncouple cars when the engine gave a sudden jerk, causing the cars to part and throw him to the ground where his shoulder and leg struck the rails with much force. J. Meyers, engineer, C. S. Borino and William Graves of the train crew witnessed the accident.

The Scioto Division Safety Committee will hold the regular monthly meeting Tuesday in J. T. Carey's office at local division headquarters. The N. & W. Shop Safety Committee have their monthly meeting scheduled for Monday. The regular meetings are generally held on the tenth of each month but on account of the tenth coming on Saturday the date has been changed for this month.

The regular Thursday evening prayer service at the Tabernacle will not be held tonight (Thursday).

### BURNED BLACKBERRY BUSHES

To Buy A New Machine  
Manager George Law went to Columbus Thursday morning for the purpose of buying a Powers' moving picture machine, one of the most up-to-date machines on the market. He will add it to his battery of moving picture machines at the exhibit. With a machine of big caliber and a mirror screen, Mr. Law will be in position to show some of the finest pictures in the city.

At The Exhibit  
Three single reels of snappy, entertaining pictures are to be shown at the exhibit tonight. The bill is headed by one of those imitable Keystone comedies in which Fatty and Mabel take the leading roles. Another good picture which permits a favorite to take the leading role is "Sergeant Jim's Horse," in which Shanty is the feature. There is a light drama which more than balances the bill entitled "After Twenty Years." In addition there is good music furnished by an orchestra that is ranked as one of the best in the city.

Tomorrow's bill is headed by a two reel feature, "The Better Man," "Her Hero" is a Royal comedy that supplements Friday's bill.

Tonight At The Brady  
Tonight at the Brady theatre has a two reel drama "The Flash," a good modern drama featuring Herbert Rawlinson and Anna Little. A startling climax is reached in this tense drama through increasing interest from scene to scene. Sight is restored to a blind musician, enables him to save his daughter's honor and punish her would-be betrayer. Also an L. K. comedy tonight, "Zip and His Gang," a screamingly funny comedy full of laugh. Don't miss tomorrow a three-reel Civil War picture, "Heart Of Lincoln" featuring Francis Ford and Grace Cunnard.

## TRY TO GET 1ST NATIONAL BANK BUILDING FOR A HOTEL

The owners of the First National bank building at a meeting Thursday morning voted to reject a proposition to give a ten years' lease on that structure for hotel purposes.

Out of town capitalists had opened negotiations for the basement and seven upper floors of the building for a hotel, offering considerably in excess of the revenue these bring from the present tenants.

While the proposition was very flattering and attractive the owners expressed themselves as well satisfied with the returns the various office rooms bring and therefore turned down the offer.

The prospective lessees had contemplated using the second floor for a dining room and the basement for the kitchen and commissary, expecting to fit up 80 guest rooms on the remaining six floors, the bank to continue occupying the ground floor of the building.

Just what effect the rejection of the offer will have upon their plans is not known but it is regarded as possible that they might be induced to try for some other up-town location.

### BOARD OF THANKS

We desire to thank our friends for the sympathy and kindness shown us during our fire Wednesday, March 31. We have certainly appreciated it.

### Another Sure Sign

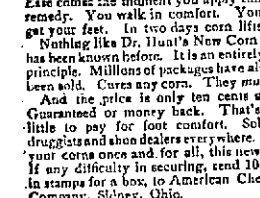

The Martin box at the rear of the Palace Cafe and restaurant is no longer deserted, martins fairly swarming about it Wednesday. George Freshel welcomed their return as a sure sign of continued good weather.

### CORNS LIFT OUT

Dr. Hunt's New Penetration Method Loosens Them Root and All. FULL SIZE BOX 10c.

No corn ever went so easily, quickly or surely as by Dr. Hunt's new way—the penetration principle of permanently curing corns. Dr. Hunt has devoted a life of study to this one subject. The final result is this entirely different method—a method by which corns GO FOREVER in two short days.

Dr. Hunt's New Corn Cure comes in a simple plaster form. Six plasters in a box. Cut plaster size of corn and apply it. Doesn't "bulk" like clumsy pads. Contains no caustic to smart or cause blood-poisoning. No painful necessary. Wear any shoes. Ease comes the moment you apply this new remedy. You walk in comfort. You forget your feet. In two days corns lift out. Nothing like Dr. Hunt's New Corn Cure has been known before. It is an entirely new principle. Millions of packages have already been sold. Cures corns. They must go. And the price is only ten cents a box. Guaranteed or money back. That's very little to pay for foot comfort. Sold by druggists and shoe dealers everywhere. Cure your corns once and for all, this is the way. If any difficulty in securing, send 10 cents in stamps for a box to American Chemical Company, Sidney, Ohio.

## First Presbyterian Church Is Shown To Be In Fine Shape

At the annual meeting of the congregation of the First Presbyterian church Wednesday evening the annual reports showed the church in fine condition. The report of the Session showed a present membership of 802. Seventy-seven were received during the past year and 56 were dropped, deceased or dismissed to other churches.

Through the deacons and the Whatsoever committee \$218 was distributed to local charity. The congregation through its regular offerings contributed \$1465 to missions; the Woman's Auxiliary \$218; the Woman's Mission Society \$204; Mr. Losh's class \$190; Miss Conius class \$100; Girls' Mission Band \$10; the Bible School \$103; and the Christian Endeavor \$75, a total of \$2282. Of this \$1050 went to Home Missions and \$1232 to Foreign Missions.

The Ladies Aid Society showed \$1488.00 raised and disbursed during the year. For the general expenses of the congregation the church trustees raised \$8,884.00; and for the building fund debt \$2217.00. In two years the debt has been reduced from \$10,222 to \$4450.00.

The church has supported a foreign missionary for the past year, the Rev. David S. Tappan of China.

The Bible school showed a membership in the main school of 675 with an average attendance of 442. There are 64 in the Home department and 62 on the cradle roll. The gymnasium report showed 310 boys and girls enrolled in the classes.

For all home expenses \$9,201 were raised and for charity and missions \$2,600, a total for all expenses of \$11,801.

The church is looking forward to a prosperous year, the budget of \$6,500 being fully earned for and all organizations active and working. The church congregations for the past four months have been the largest in years.

Last evening marked the fifth anniversary of the present pastorate. Lucien M. Doty, Charles Thompson and George Marsh were elected trustees.

## Seeks A Divorce

Extreme cruelty and gross neglect are the grounds cited in a divorce petition filed Wednesday afternoon in common pleas court by Attorney Miller and Mitchell, representing George Colvin, husband of Jennie Colvin. Colvin alleges that his wife drove him from home several times, and threatened to poison him. He also accuses her of familiarity with other men.

The couple were married January 4, 1904, and have one child, aged six years.

### Complaint Made.

Complaint was made to the police Thursday that Clark Compton had failed to settle for the balance he owed on a bicycle purchased of the Sanitary grocery. He was paying for the wheel, it was claimed, out of his weekly earnings, but had since quit his position, but took the bicycle with him.

## COUPLE ARE CAUGHT IN EARLY MORNING RAID

Carl Yuenger, a bartender, and a woman giving the name of Mary McGee were arrested in a raid on her home, 1208 Ninth street by Capt. Cooper and Officers Albrecht and Campbell on Thursday morning at 1:30 o'clock. The police claim to have received repeated complaints about the house. The couple were released on bond, Yuenger furnishing security in the sum of \$25.

and the woman \$50, for their appearance in police court. The raid was a rather spectacular one, Yuenger trying to escape by climbing out on the roof of the house but was discovered and made to come down. The couple pleaded guilty to disorderly charges in police court Thursday morning and were fined \$20 each. They left the court room together.

## STEEL PAY SATURDAY

Saturday will be pay day with the hundreds of employees of the Whitaker-Glessner Steel Company. A handsome sum will be distributed among them as the plant has been working steadily in practically all departments.

## MISFORTUNE STRIKES FAMILY

Death and sickness have invaded the home of Mrs. Emma Taylor at Lyra. Two deaths, the father of the household and a daughter have occurred within a month and three children are seriously ill with pneumonia. The father, Charles Taylor, died on March 5 of tuberculosis. Mabel, aged 13, died one month after her father, April 5, after a short illness with pneumonia. George, aged 16, is very low, and Carl, 6 years old and Oscar 3 years old, are also ill but not seriously, all with pneumonia.

## INCORPORATED FIFTY YEARS NEXT SATURDAY

The trantonian says: "In looking up information for companies interested in bidding bonds one of the questions being asked is when the city of Tranton was incorporated. City Engineer Brown made a verification of this date yesterday and states that it was April 10, 1865. In consequence it will be interesting to the residents of Tranton to know that this city could celebrate next Saturday, the semi-centennial of its corporate existence. It is unfortunate that this date was not brought to light soon enough to warrant an appropriate recognition of our half century mark as an incorporated community."

## Decision Held Up

Judge Thomas has taken under advisement the divorce case of Clara Andin against James Andin, partially heard last week and concluded Thursday morning in common pleas court. The wife alleges extreme cruelty. The outcome of an investigation by the court of the charge that Mrs. Andin obtained a former divorce by fraudulent means will have some bearing on the decision. Blair and Kinable represent the plaintiff and Milner, Miller and Seard the defendant.

## Man Takes His Own Medicine Is An Optimist

He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. People who take Dr. King's New Discovery for an irritating Cold are optimists—they know this cough remedy will penetrate the linings of the throat, kill the germs, and open the way for Nature to act. You can't destroy a Cold by superficial treatment—you must go to the cause of the trouble. Be an optimist. Get a bottle of Dr. King's New Discovery today.

Sent To Jail.  
George Sparks, city, was sent to the county jail in default of \$300 bond on a paternity charge preferred by Bernice Brown, also of this city. The date of the hearing has not been assigned, owing to the illness of the prosecuting witness.

## Arm Was Broken

Roy, 9-year-old son of Steven Spriggs, a farmer living above Fullerton, had his left arm broken Thursday morning when thrown from a horse he was riding to the barn. Two weeks ago the lad fell down a flight of stairs and suffered a bad cut over the left eye.

## Inspect Lodge

Karl Zoellner, district inspector of the B. P. O. Elks was in Tranton Wednesday night and inspected the Elk lodge of that city. The inspection was followed by a banquet to which 75 members of the antlered tribe sat down. This was Mr. Zoellner's last inspection and he will soon make a report of the visits he made to the lodges in this district to Exalted Ruler Benjamin.

## WOMAN WAS IN PAIN

Visions of an impending tragedy loomed up before Police Captain Grant Cooper as he was leaving his home at Tenth and Gay streets after lunch Thursday morning at 1 o'clock.

Frantic cries from a woman's voice of "Murder, murder, for God's sake somebody help me!" startled the officer, and he began investigating. He found the cries came from within the home of Robert B. Kernes, an aged colored man of No. 845 Tenth street. He had heard Mrs. Kernes scream from pain before but never quite so loud and thought perhaps that someone might have broken into the home and attacked her so hurriedly started to investigate. He found that the woman was writhing in agony and had been unable to arouse her husband who is hard hearing and was sleeping in an adjoining room. He responded to the captain's knock, however.

## Securing Evidence

Attorney J. A. Shackleford, of Winchester, Ky., arrived here Thursday morning to seek evidence and if possible secure depositions in the interest of his client John G. Mathews, formerly of Portsmouth, who he says some weeks ago brought suit in the Clark county, Ky., courts for divorce from his wife, Mrs. Estu May Martin Mathews.

Mr. Shackleford is particularly anxious to locate Mrs. Mathews, mother, Mrs. William Martin. The divorce is asked for on the ground of alleged wilful absence of three years, the attorney says. The couple was married in 1907 and have no children. Mathews formerly conducted a restaurant on Market street this city and is engaged in the same kind of business at Winchester.

## FRIDAY TO BE EVENTFUL NIGHT IN THE PEERLESS

Seldom have so many pretentious programs been crowded into a single evening as will be given in this city on Friday evening. Four separate organizations will hold special ceremonies, and in each instance, the program to be given is of a nature to appeal strongly to the membership. Solomon Council, No. 79, Royal and Select Masters, will confer the Royal and Select Masters' degrees upon one candidate in the presence of Companion Frank B. Hendley, Right Illustrious P. C. of W. of the Most Illustrious Grand Master of the Grand Council of Ohio, who will inspect the work. At seven o'clock the beautiful and instructive degree of Super Excellent Master will be conferred upon a large class of candidates. Following this service, a big banquet will be served in the banquet hall of the Masonic Temple. Another distinguished visitor will be William T. S. O'Hara, of Toledo, Past Grand Thrice Illustrious Master. At the Bigelow M. E. church, Bailey Post, G. A. R., with the assistance of other patriotic societies of the city, will commemorate the fiftieth anniversary of the surrender of General Robert E. Lee to General U. S. Grant at Appomattox C. H., Virginia, with an excellent program, to which the public is cordially invited.

At the Second Presbyterian church, the members of John E. Williams' Bible class will hold their annual anniversary and reunion, featured by a program, in which some of the city's most talented artists will take part. Honored guests will be the officers and teachers of the Sunday school and the inmates of the Seaton County Children's Home. At its hall at Sixth and Chillicothe streets, River City Camp, Woodmen of the World, will have a Home-Coming of its membership which will be attended by high dignitaries of the lodge from all over the country, and a large number of out-of-town members. A musical and oratorical program will be given, followed by a fine banquet.

It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

### NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

And what relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hacking, sneezing, mucous discharge, headache, dizziness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, medicinal cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

## SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on a thin, dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyle's Sage and Sulphur Hair Restorer," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, scaly, itchy scalp and falling hair. A well-known downtown druggist says it darkens the hair so naturally and so evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application of two, it becomes beautifully dark, glossy, soft and abundant.

# RELIEF FAILS TO ARRIVE; EITEL FRIEDRICH INTERNS

## WILL GO TO THE NORFOLK NAVY YARD

Newport News, Va., April 8.—With the internment today of the German auxiliary cruiser Prinz Eitel Friedrich and her crew, the commerce destroyer ended her spectacular war career.

Details of the actual internment of the Prinz Eitel before being taken to the Norfolk navy yard, where she will remain until the end of the war, were worked out at a conference early today between Admiral Fletcher, commander-in-chief of the Atlantic fleet, Rear Admiral Helm, of the battleship Alabama and Denty, commander of the Norfolk navy yard and Collector of this Port Hamilton.

Decision of Commander Thierichens of the Prinz Eitel to intern his ship, followed by the receipt by him of an imperative notice from the United States government early last night that the time limit for his stay in this port would expire at midnight.

Had he not asked to intern his ship, Captain Thierichens would have been compelled to depart from American waters not later than 4 a. m. today. On requesting permission of the Washington government to intern, Capt. Thierichens' explanation that failure of expected relief to arrive made the step necessary.

It was said that he had expected German warships to arrive to aid him in eluding the Allies' warships. Commander And Crew Downcast By Action.

On board the Prinz Eitel today, which up until the last moment for her time expired appeared to be ready for a dash to sea, Capt. Thierichens and his men seemed to be gloomy. The captain declared today that he was heartbroken because he had been forced to intern and said that he had not intended doing so had it not been absolutely necessary. Many British ships were leaving this port today as a result of the decision to intern the Prinz Eitel, which action operated to lift the American embargo against ships of the Allied European countries. With the taking of the Prinz Eitel to the Norfolk navy yard today 6000 blocks of her guns were to be removed and the connecting rod of her engines detached.

The Prinz Eitel had been laid up here since March 10, when she limped into port, following her remarkable endurance raiding voyage from the Orient during which she destroyed the American ship Wu. P. Fye.

## ITALY EXHAUSTING EVERY POSSIBLE MEANS BEFORE TAKING RECOURSE TO ARMS

## NATIONS AT WAR HAVE LOST 5,950,000 MEN; COST \$8,400,000,000

Rome, April 7 (via Paris April 8).—The nations now at war have lost 5,950,000 men in the first eight months of the conflict and spent \$8,400,000,000 in the first six months, according to figures prepared for the Avanti, a socialist organ, by its military expert.

The article declares the only result of the war will be a reciprocal wearing out of the forces engaged and not a military victory. It is calculated that nine or ten months more will exhaust the resources of men and that the country which will suffer least from this exhaustion will be Russia.

Official reports received here from European capitals are said to agree in the statement that the supreme clash between the Allies on the one side and the Austro-German armies on the other, which originally seemed certain to take place in June, will be postponed until May or even later.

No Reason Why Italy Should Hasten Her Course.

The answer made to those who are urging immediate hostilities is that under the circumstances there is no reason why Italy should hasten her action since the longer she delays the greater would be her chances of success and the greater the aid she would be able to give those countries on whose side she would align herself.

No attempt is made to deny that a war against Austria, for which the Italian people long have felt animosity would be popular. In this connection it is pointed out that the Italian army has been successfully mobilized without a protest from Austria, the country most obviously threatened. This is taken in some quarters to indicate that the leaders of the dual monarchy are desirous of averting hostilities, and they may yet consent to the territorial concessions Italy desires.

## BRYAN GIVES HOPE TO ANTI-SALOON FORCES FOR 1916 CAMPAIGN

Washington, April 8.—Anti-Saloon advocates here were visibly encouraged today over a statement by Secretary Bryan expressing the hope that the Democratic party would take the prohibition side in the next campaign in states where saloons are an issue.

The statement was issued in connection with a letter Secretary Bryan had written to L. W. Kennington, National committeeman from Iowa, advocating defeat for candidates who could be controlled by the liquor interests.

Mr. Kennington had written that the Secretary's name was being used in behalf of a candidate for the National committee. Mr. Bryan declared it seemed improbable that the liquor question would appear in the platform of either the Democratic or Republican party, but that there was no reason why a Democratic national committee should not represent the party sentiment on the prohibition question.

## BRITISH STEAMER PROVES MYSTERY

Rio Janeiro, April 8.—The British steamer Ismaila came to Rio Janeiro today and no sooner had she dropped anchor than speculation was rife as to her real character. She has aboard 144 passengers and the captain said his destination is the Falkland Islands. Lack of coal compelled him to come in here. He declined any further explanation, nor has it been possible to learn why such a large number of passengers are going to the Falklands.

British warships are still believed to be in Falkland waters and it is being said here that the Ismaila is a transport taking 140 officers and men to reinforce their crews.

## WOMEN AND CHILDREN ARE KILLED BY BOMBS

Paris, April 8.—Twelve women and children were killed and 48 others seriously injured by bombs dropped by Austrian aviators in the market place at Podgoritz, Montenegro, yesterday afternoon, according to a Cetinje dispatch to the Havas agency.

Many buildings were destroyed by the missiles, seven of which were dropped from the aeroplane.

## BELGIAN WAR STATEMENT

London, April 8.—The Belgian legation here has received a telegram from the Belgian minister of war dated yesterday which reads:

"The western side of the Ypres canal, in the direction of Drai Grachen has been completely freed of the enemy by Belgian troops. The Germans fled in disorder leaving behind the machine guns and ammunition.

"Today passed off quietly. The hostile artillery showed very little activity."

## RAE TANZER WAS ONE OF MANY TO BE TAKEN IN BY SMOOTH OLIVER OSBORNE

When Miss Rae Tanzer of New York sued James W. Osborne, prominent lawyer of the metropolis, for breach of promise, she made a dreadful mistake. Oliver Osborne and not James W. was the man who wooed her so ardently. It now develops that Oliver Osborne is a professional love maker, and at least nine women have admitted that they were fooled by him. James W. Osborne feels that he has been wronged by Miss Tanzer, and the grand jury is debating whether to indict her for using the mails in furtherance of a scheme to defraud. She is alleged to have written several letters to James W. Osborne, demanding a money settlement before she began her breach of promise suit.

## SINKING OF THE U-29 IS HIGHLY SUSPICIOUS SAYS BERLIN PRESS

Berlin (via London) April 8.—The press of the capital is virtually unanimous in declaring the fact that the British admiralty has not made public the details of the sinking of the submarine U-29 looks "highly suspicious."

The Tages Zeitung says that although the British made their first report regarding the submarine on March 26, nothing has been given out as to the time, place or manner of its sinking.

The paper believes this probably is because the methods employed by the British were "responsible" and adds "we can imagine no other reason for the delay than that British vessels surprised the U-29 while it was rescuing the crew of a steamer."

Other papers make similar suggestions, including the surmise that the submarine was sunk by a merchantman flying a neutral flag.

## CLOSED TO NAVIGATION

Washington, D. C., April 8.—The River Dec and port of Chester has been closed to all navigation at night, by order of the British admiralty, the state department has just been informed from London.

## Next Year's Value What Will It Be?

This new type HUDSON is the car for men who are seeking stable value.

High-priced Fords have dropped enormously in value since class buyers came to Sixes.

Heavy cars are almost by-gones. Refinement and lightness are in vogue.

Light Sixes are the cars of the future. They dominate now in the class field. There are ten times as many as last year.

But, the HUDSON—the original—the result of four years of refinement—is more stable than a new creation.

A design by Howard E. Coffin—the top-notch designer—is more likely to be final than another man's new model.

And the HUDSON name and standing give permanence to HUDSON values.

## A 25-Million-Mile Car

The HUDSON Six-40 may today be called the 25-Million-Mile Car. Over 10,000 owners, in the past two seasons, have driven it at least that far.

What one says all will say. The car has proved itself ideal.

It is a finished product. Our whole engineering corps has spent four years in refining every detail. Motorists today can see no way to add further improvement.

This car has a staple value. It shows the coming type, perfected. Inside and outside, every part and detail shows the final touch.

And HUDSON service gives it added value. We never lose sight of these cars.

Come see if you agree.

THE MAYOR ON THE SMITH LAW.

Mayor Frick has taken a decided stand in regard to the Smith One per cent law that ought to commend him to the tax payers. He has refused to join in a movement inaugurated in some of the larger cities of the state to secure more revenue, and it is expected to do this by having some of the limitations of the Smith law removed. Answering a request from the mayor of one of the largest cities in the state that he join in such a movement, Mayor Frick has written a reply in which he states that he voted for the Smith One Per Cent tax law, that he believes in it, and that he will do nothing to impair its efficiency. The mayor further believes, however, that there should be provision operative for a certain number of years that will take care of annexed territory, the wisdom of which is apparent. New territory means paving, sewers, extra lights, etc., that cannot be taken care of in the ordinary run of city financial affairs and some way should be provided to care for such needs.

THOSE TEMPORARY ROADS.

We strenuously deny that there is anything personal in our objection to the blockade of Portsmouth. We simply believe that Portsmouth is entitled to free egress and ingress to insure her prosperity and the prosperity of her merchants. And we also believe that the country people are as vitally interested in this matter as are the residents of the city. It is unfortunately necessary for temporary inconvenience when permanent roadways are being built, but it is equally true that inconvenience should be made as slight as possible. And we do not believe that such has been the case in this country in the past. Why not profit by our mistakes and do things right from now on?

And by the way, did you ever hear of a derelict official, entitled to account, who did not howl "personal grievance?"

THE DREAD OF CATARACT.

(From The Journal of The American Medical Association.)

The public has a horror of the word "cataract." It is a synonym of irremediable blindness. This is bad for two reasons. In the first place, the patient and his friends are inclined to regard every eye trouble as cataract. Every spot on the eye, every decrease in vision, causes the fear, "I'm going blind from cataract." Frequently, the patients go to the oculist so wrought up that even his favorable opinion fails to relieve them. In this state, they fall an easy prey to quacks, and charlatans, who assure them that their glasses and cures will affect a cure. Sometimes there is an actual improvement in the ocular state, as a result of which the remedy to cure cataract is heralded far and wide. On the other hand, they may serve to keep the patient from securing proper treatment until the condition which at first was comparatively harmless, may have progressed beyond the possibility of cure. In the second place, even if the patient has a cataract, the outlook is by no means hopeless. It must be explained to him that the nature of the disease is such that there will be a progressive loss of sight until a certain stage is reached, after which it will be possible by a delicate but not especially dangerous operation to restore the sight. In only a very small percentage of cases does the eye become blind. In the great majority of cases, a high degree of useful sight is obtained, and in some a condition approaching normal vision results. In fact, cataract is one of the most favorable of eye diseases which cause loss of sight, and a patient whose failing sight cannot be remedied by glasses, should hail this diagnosis with relief instead of with horror.

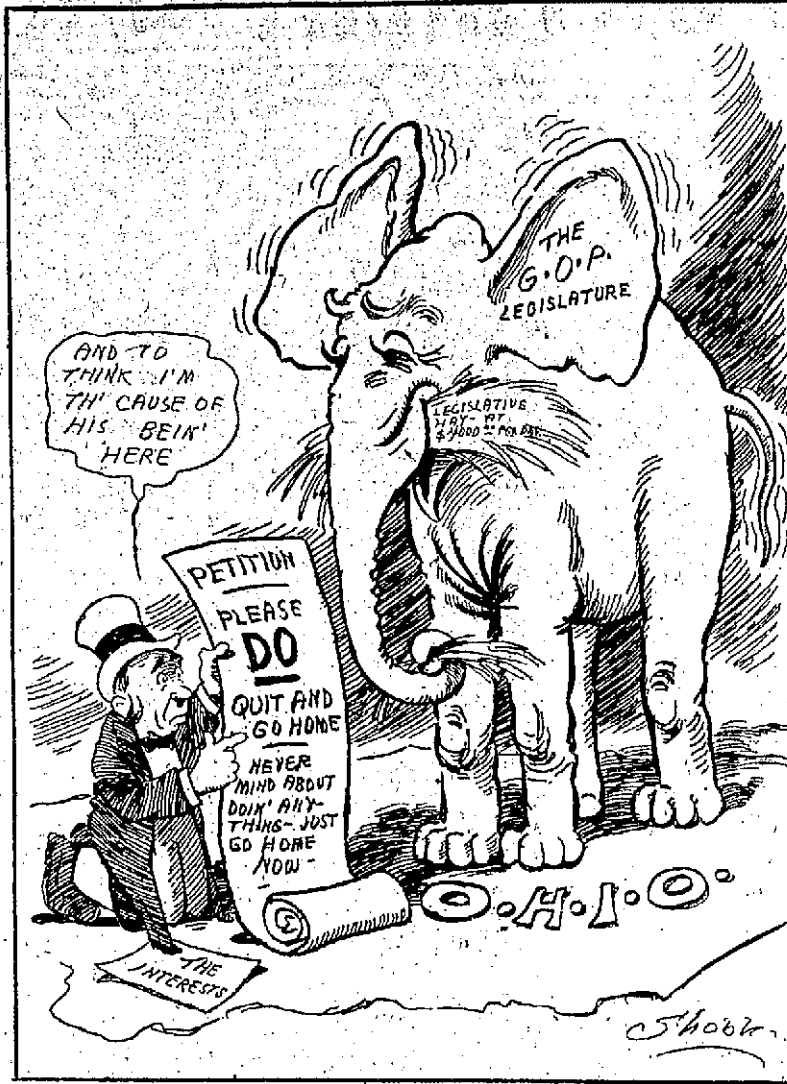

APRIL WEATHER.

If you could have a perfect day  
To dream of when your life were done,  
Would you choose one all clear, all gay—  
If you could have a perfect day—  
The airs above the wide green way  
Sheer virgin blue with crystal sun?  
If you could have a perfect day  
To dream of when your life were done.

Or would you have it April's way,  
Haphazard rain, haphazard sun,  
Divine and sordid, clear and gray,  
Dyed like these hours' own work and play;  
All shot with stains of tears and clay,  
Haphazard pain, haphazard fun—  
If you could have a perfect day  
To dream of when your life were done?  
—Edith Wyatt in the Poetry Magazine.

Of course it is something old, but don't you think we have a lot to be thankful for in these beautiful April days?

A WHITE ONE.

WHY SHOULDN'T HE DO SO?

We fail to see why some of our Democratic friends should be setting up a roar these days because Governor Willis is appointing Republicans to office. Why shouldn't he? When, with proper observation of how an office falls vacant, we firmly believe that an executive officer should appoint men of his own party and his own faith to position, and we fail to see wherein there should be objection to this. Of course Mr. Willis went about the state widely proclaiming that Cox had built up a machine of personal appointees and deluded some people into the belief that he was going to abolish a lot of offices. But then Willis was just fishing for votes and what he said as a candidate does not hold good with him now that he is in office.

TO GET RID OF THEM.

John H. Myers, who recently made the race for mayor of Oklahoma City, is either a humorist or is extremely wise in the ways of the world—and politics. Certainly he is philosophical. For he says that since the primary, six hundred and fifty people have told him that they voted for him, whereas he received less than one hundred votes and adds: "Still I do not question the results." In filing his statement of expenses after the election, he puts down an item of five dollars, which he says he gave to "moochers", meaning thereby the fellows who "work" candidates for whatever sum of money they can obtain. "This was to get rid of them and not with the idea of getting their support," he says. There is wisdom—"to get rid of them." Every man who runs for office finds it cheaper to give the "moochers" a little something than to allow them to take up his time. He knows that support doesn't come from those who are most under obligations. —Piqua Daily Call.

The Star can be so obtuse at times. To diagram matters for it we rise to explain that vote are not indignantly at the appointment of Mr. Corson by Senator Tremper to the office of tax assessor. We are just commiserating, get that word, with members of the G. O. P. organization for the pretty manner in which the senator gave them the go-by.

Ironton after having built one new water works plant and then having had it condemned, is now worrying about building an entirely new plant. This time the old burg is going about the matter with the utmost care and circumspection. Having been stung once she does not propose to be stung again if she can help it.

Of course we take it that Chillicothe and Ironton both feel highly elated over the fact that they are going to have the privilege of being beaten by a ball team wearing uniforms with "Portsmouth" spread all over them.

INVESTIGATE FIRE

The Enquirer of Wednesday said Deputy State Fire Marshal McGinn and Sweeney returned to Cincinnati yesterday after investigating a mysterious blaze which destroyed the residence of Ralph Smalley, a farmer, living near Sinking Springs, in Adams county. According to the official the house and furniture were insured for \$1,400. Smalley was alone, he said, at the time of the fire. He did not notify neighbors, he told the investigators, because he did not know them. McGinn and Sweeney say the incident was not reported to the authorities until two days after it occurred. The Smalley family were living in his other residence, at Peebles, Ohio, a few miles away, when the dwelling was burned.

Some Signs of Spring

There's the palest blue  
In the sky overhead,  
And a glad bird's song in the air,  
There's a hum of bees  
From the apple trees,  
And the laugh of a child somewhere.  
There's the smell of loam  
From the new-tilled yards,  
And the love-talk sweet of a wren  
There's a peep and call,  
From behind a wall,  
Of a brood for the mother hen.  
There's a merry ring  
From the anvil's bells,  
For the smith has thrown wide  
his door,  
And his measured blow  
On the shoe a-glow  
Breaks the sound of his bellows  
roar.  
O it's well I know  
That fair spring has come,  
By the things that I hear and see,  
And, besides, I know  
That it must be so,  
When the birds all tell it to me.  
And it makes me glad  
Just to live and love,  
In a good old world like this,  
And my heart speaks out  
In a song and shout,  
At the touch of spring's warm  
kiss.

An Unnecessary Prayer

A clergyman who had fulfilled five years of devout service in a suburban church was preaching his farewell address. During the sermon he expressed the thought that ministers ought to be humble and poor like their Master.  
"I have often prayed," said he, "that I might be kept humble; I have never prayed that I might be poor—I could trust my church for that!"

THE ENVOIOUS COLT

One day a Colt was heard to say, "I don't think it is fair That Sheep should have nice fleecy wool and I should just have hair."  
"I would be so much handsomer with curly wool of white. Instead of which I have straight hair, it really is not right."  
He wouldn't listen to a word that anyone would say, And though his mother scolded him, he stood and sulked all day.  
Then as he stood there by himself he had a big surprise; He saw a sight so strange that he could not believe his eyes.  
Across the field from where he stood a flock of Sheep appeared, And not one Sheep had any wool, they stood as every one sheared!  
"Where is your nice white curly wool?" he asked in great alarm, "The shearers cut it off," they said, "because it was so warm."  
The Colt stood for a while in thought, then gave his head a shake; "I don't see why I envied you, it was a big mistake."  
"I really thought I wanted wool, but I was wrong I see; I'd rather have my hair that's on than wool that's off," said he.  
Don't let the seed of envy be planted in your heart, For like most weeds it flourishes when once it gets a start.

WHAT HAPPENED TO ETHEL ELEPHANT

(By Evelyn Campbell and Mildred Schless.)  
When the fire broke out in the circus tent,  
Poor Ethel cried in affright;  
She longed for her home in the jungle,  
And resolved to reach it that night.  
But she was seen by some hunters  
Some men who had come from the zoo;  
They caught her and took her away,  
With a naughty young ape who had run away, too.  
Ethel was taken far, far away,  
And put in a pen at the zoo;  
People came every day to look at her,  
And of the many that came there were none that she knew.  
Twelve o'clock and it is time for lunch,  
The animals all had nice things to eat,  
The elephants had peanuts and nice sweet hay,  
The Lions and Bears had meat.  
But for all of Ethel's kind treatment,  
She longed for her wild sweet home,  
Never again to roam in the wild wood,  
Or play on the river's shore.  
Let this be a warning to little girls  
Who are prone to disobey,  
After once on the road of untruth and deceit,  
It is hard to get back the right way.

Award Contract

The city board of control, at a meeting Thursday morning, awarded a contract to Kelley Bros. for the construction of the Cecil S. Miller link of the Lawson Run storm and sanitary sewer.  
The bond changed from the concrete plan to that of brick material on which Kelley Bros. bid of \$33,330.00 was lowest. Miller & Seymour's bid of \$39,977 was lowest on concrete. The sewer will be located west of High street, between Eighteenth and Twentieth streets, in the Rosemary addition, and will form part of the trunk line sewer that will take care of the storm waters of Lawson's Run. The link will enable Mr. Miller to complete the improvement of his new addition.

# Council Approves Abandonment Of The Kendall Avenue Crossing; Big Bond Issue For Paving

Further controversy over the proposed railroad crossing in the East End was avoided, for the present at least, when the city council, in regular session, Wednesday evening, passed the resolution declaring its intention not to interfere with the discontinuance of a portion of the Kendall avenue crossing by the railroad company after the overhead crossing is constructed and open for public travel at Young street.

The resolution was passed at its first reading under a suspension of the rules. Mr. Westphal, Democrat, from the Third ward, alone dissenting.

Opposition to the resolution developed in the form of a two page letter from the mayor and the objections of four property owners living in the vicinity of Kendall avenue, who were present, accompanied by their attorney, Edgar Miller.

The mayor, in his letter, suggested the abandonment of both the Kendall avenue subway and the overhead crossing propositions and the construction of a crossing on Gallia street between Clay and Hutchins streets. He claimed that all sections of the city south of the N. & W. tracks, east of Lawson street to river, must ultimately be given over to public service corporations, which will eventually exclude residents from that section. Also, that the crossing at Young street would convey the traffic in practically the same zone as the Kendall avenue crossing, while a crossing over Gallia street would serve the greatest number. In conclusion he urged the abandonment of all grade crossings in the city, especially the Offere street crossing.

**Protest Abandonment Of Kendall Crossing**

Kendall avenue property owners, with Oscar Fields and Joseph Fields as chief spokesmen, argued against the resolution on the ground that the abandonment of Kendall avenue crossing would work a great hardship on the home owners in that section. Their arguments were similar to those that they have presented over since the overhead project was first launched.

Their attorney, Edgar Miller, spoke against the resolution on the ground that it was a desecration by city council of citizens who were opposed to it, and that it gave the railroad company an advantage that would make it all the harder for the same property owners to fight for their rights in the courts. He disagreed with some of the members of council, who maintained that the resolution was meaningless, and contended that the railroad company placed a high value on it, to wit, construction of the overhead crossing depended on whether or not the city council would pass the resolution.

Fully an hour was consumed in arguing pro and con on the proposition. J. E. Shump, chairman of the railroad and telegraph committee, introduced the resolution, and spoke in favor of it. Mr. Westphal opposed it for the reason that he did not have the assurance that property owners would be compensated for damages incurred, and handed Mr. Gulkar for his change of heart in the matter. Mr. Gulkar claimed that the addition of the second paragraph of the resolution, relieving the city from responsibility for damages, removed his objection.

**Only One Vote In Opposition**

Every member except Mr. Westphal voted in favor of the resolution.

The resolution was published in full in last Friday's Times, and provides that the city will not interfere with the abandonment of that portion of the Kendall avenue crossing which has never been dedicated to the city.

The railroad company is given thirty days in which to accept the terms and conditions of the resolution.

**Annual Budget Is Submitted**

The mayor submitted the annual budget for approval, which provides for the following expenditures for the coming year:

General Fund	\$21,445.00
Safety Fund	65,105.00
Health	6,900.00
Service Fund	69,230.00
Hospital Fund	16,175.00
Library Fund	5,000.00
Total	\$183,915.00

Water Works \$46,180.00  
Cemetery 5,630.00  
Total \$51,810.00

Resolutions of necessity, providing for the improvement of the following streets, were passed at

their first reading, under a suspension of the rules, after the service director had submitted estimates of the cost thereof:

Maher Road, from Gallia street to the north corporation line, 1550 feet; engineer's estimate, \$11,425.00; city's share, \$2948.50.

Walnut street, Norfolk street to east corporation line, 2030 feet; engineer's estimate, \$16,856.50; city's share including street railway company's, \$5546.03.

Norfolk street, from Gallia to Walnut, 290 feet; engineer's estimate, \$2306.50; city's share, including street railway company's, \$811.12.

Harvard Place, from Gallia street to Patterson's alley, 550 feet; engineer's estimate, \$2196.25; city's share, \$470.17.

Park avenue, from Robinson to Grant, 635 feet; engineer's estimate, \$5651.50; city's share, \$549.53.

Gay street, from Eleventh to Thirteenth; engineer's estimate, \$4113.75; city's share, \$466.78.

**Bonds To Be Issued For Street Improvement**

The above streets will be improved during the coming spring and summer season. An ordinance providing for an issue of bonds to the amount of \$10,000 to pay the city's share of the entire cost, was passed at its first reading under a suspension of the rules.

The clerk did not read the estimate of the cost of the improvement of the old Chillicothe Road between Grant and Seventeenth street, because council is not ready to pass upon the question of improvement.

Resolutions, issuing certificates of indebtedness in anticipation of the collection of special assessments on the improvements of the following streets, in the following amounts were passed at their first reading: Kinney's Lane, \$25,000; Twenty-First, \$6,000; Campbell avenue, \$9,000.

Service Director Gergens also presented two estimates on the cost of making needed repairs at Third and Chillicothe streets, as follows: temporary repairs, \$4312.00; permanent repairs, \$1,900.00. He advocated the latter if the money was available, but the matter was referred to the Board of Control for recommendation.

**What Became of That \$325**

Mr. Westphal also urged the repair of Fiddley street, north of Ninth, along the route of the Hilltop car line. Director Gergens advised that there was no money to pay for the improvement. Mr. Westphal wanted to know what became of the \$325 derived from the franchise grant, but the proceedings resumed without an answer to the question.

Two bills, for work performed, were presented by the service director with the information that there was no money with which to pay them. One was from S. Monroe and Sons, for paving Sunny-side Alley, \$187.35; the other, paving alley near Tenth and Offere street, Kaps Brothers, \$39.95.

The bills will be held until the money is available.

An ordinance providing for the installation of water service in the Rosemary Addition, owned by Cecil S. Miller, passed at its first reading under a suspension of the rules. The engineer's estimate on the work is \$1377.65.

Mr. Gulkar also recommended the passage of legislation providing for grading the bank in front of the property of Herman Herms on Kinney's Lane, entailing an estimated cost of \$250, in return for concessions granted by Mr. Herms when the street was improved. The ordinance will likely pass.

**Paid Lawwill Damages To Auto**

Chairman Schmauck, of the law and claims committee, presented an ordinance, appropriating \$55 as damages to be paid Ira Lawwill for expenses incurred in repairing an automobile damaged by running into an open ditch on north Chillicothe street last summer, which passed unanimously at its first reading.

Chairman Moeller of the light and water committee, presented a resolution empowering the city to enter into a contract with the N. & W. railroad company to lease a portion of its right-of-way near the new water works to lay water pipes, which also passed under a suspension of the rules. A nominal rental of \$1 a year is stipulated.

Upon its third reading, an ordinance accepting the plat of the Buch and Snyder addition in East Portsmouth was passed.

**Want Approval Of Probe Bills**

Member Wilson, of the finance committee, reported that the committee desired the approval of the city solicitor and the law and claims committee of the bills incurred during the recent probe of the safety and hospital departments before they were recommended for payment. The bills were referred to those officials for approval.

City Auditor George Gableman read the schedule of expenses for March, which totaled \$837.50. This amount included the members' salaries for March and legal advertising amounting to \$441.20.

City Solicitor McCall reported the dismissal of the suit of the N. & W. railroad company against the City of Portsmouth and the Nicola Building company, which was compromised about two weeks ago.

The following written and verbal petitions were presented:

**Miscellaneous.**

**Petitions.**

By Member Schmauck, representing property owners protesting against the appearance of the lot in the rear of the city building. Referred to service department.

By Mr. Moeller, written petition of Messrs. Turley and Jordan for the installation of water service in Idlewild Addition east of Portsmouth on a rental basis until territory is annexed to city. Referred to board of control.

By the clerk, petition for a sanitary sewer on Fifth street, signed by W. H. Williams, O. P. Nourse, and others. Referred to street committee.

By the clerk, petition for sewer in alley between Tenth and Eleventh and John and Waller streets, by Theodore Pierson and others. Referred to street committee.

By the clerk, petition for sewer in alley bounded by Offere, Lincoln, Ninth and Tenth streets, signed by G. H. Heinisch and others. Referred to street committee.

Judge Thomas objected to the assessment on \$873.74 on his property in the East End for paving improvements, claiming that it exceeded maximum amount allowed by law, and asked for a readjustment. Referred to the law and claims committee.

Before council adjourned the mayor addressed council relative to his recent visit to the State Board of Health on the city sewage proposition, and advanced considerable information that should prove of value to the members of council when the sewage matter is taken up in the future.

All members of council were present, with President Era T. Oshorn in the chair. The mayor and the heads of the different municipal departments were also present.

**Securing Evidence**

Attorney J. A. Shackelford, of Winchester, Ky., arrived here Thursday morning to seek evidence and if possible secure depositions in the interest of his client John G. Matthews, formerly of Portsmouth, who he says some weeks ago brought suit in the Clark county, Ky., courts for divorce from his wife, Mrs. Esta May Martin Matthews.

Mr. Shackelford is particularly anxious to locate Mrs. Matthews' mother, Mrs. William Martin. The divorce is asked for on the ground of alleged wilful absence of three years, the attorney says. The couple was married in 1907 and have no children. Matthews formerly conducted a restaurant on Market street this city and is engaged in the same kind of business at Winchester.

**INCORPORATED FIFTY YEARS NEXT SATURDAY**

The Irononian says: "In looking up information for companies interested in bidding on bonds one of the questions being asked is when the city of Ironton was incorporated. City Engineer Brown made a verification of this date yesterday and states that it was April 10, 1865. In consequence it will be interesting to the residents of Ironton to know that this city could celebrate next Saturday, the semi-centennial of its corporate existence. It is unfortunate that this date was not brought to light soon enough to warrant an appropriate recognition of our half century mark as an incorporated community."

**BERRIDGE RECEIVER**

The Irononian says: "Sheriff Glen R. Sloan yesterday tendered his resignation as receiver for the Play House property to Judge Corn in Common Pleas court. By agreement of both sides to the controversy the court-appointed C. B. Berridge as receiver, with bond of \$500 and he was directed to have an inventory and appraisal of the property made. John E. Hingaman and T. H. B. Jones being named as appraisers. Mr. Berridge is also directed to conduct the business of the Play House until a settlement of the receivership action."

## STATE OF WAR EXISTS ON PRIVATE ESTATE OF BOURBON PRINCE

Paris, April 8.—A situation amounting virtually to a state of war exists on the historic Chantilly estate of Prince Elias of Bourbon, a Parma knight of the Golden Rose, whose sister, Princess Zita, is the wife of Archduke Charles Francis, heir apparent to the Austrian throne.

The tenants of the 15,000 acre estate are arrayed on one side of the conflict, according to the "Matin's" Blois correspondent, while the agent for the prince's property, Monte Do Reze, is on the other.

Reze is said to have managed the property, according to the old feudal system and his methods have necessitated several times the intervention of judicial authority.

The police now are investigating a fire which broke out simultaneously at four different points in the magnificent park and destroyed over 300 acres of timber valued at 60,000 francs (\$12,000).

The domain of the prince, which is situated in the valley of the Loire and was held out by Francis I. in 1510, is shut off from the outside world by twenty miles of high walls.

**Two Sons Named**

The Irononian says: "Upon application of the heirs to the probate court Wednesday afternoon William H. and Joseph E. Owey, were named as joint administrators of the estate of their father, the late Adam Owey, who left no will."

The estimate given of the value of the estate is between \$27,000 and \$28,000, of which \$20,000 is in stocks, bonds, securities etc. and the balance represents the real estate at Fourth street and Park avenue. The administrators gave bond jointly in the sum of \$10,000.

**MRS. ASTOR TAKES TO THE BRIDLE PATH**

Mrs. John Jacob Astor has joined the bride-path devotees in Central Park, New York, and now makes a round of the park every morning. Mrs. Astor has bought several riding horses which she plans to exhibit at shows. She expects to be active in social affairs this summer.

**Compliment Of Skating.**

Compliment was made to the police Wednesday evening about children roller skating on the sidewalk surrounding the Dr. S. P. Fetter home after school hours.

**The Movies**

**Cabiria At Columbia**

The widely heralded photo spectacle "Cabiria" from a scenario by Gabriele D'Annunzio, Italy's foremost poet and dramatist which will be shown at Columbia this afternoon and evening, is one of the most interesting novelties of the times. This picture was made by the Italia Film Company of Turin, and the American tour is under the personal direction of Louis F. Werba and Mark A. Luesscher, who heretofore have
